A Tailored Suit Talk

It's an unfortunate truth that many suits of questionable worth are sold for tailored suits. What should be your guide more than anything is the right selection of materials, combined with the style and workmanship.

Our suits are that kind. Made with these points that at once you will distinguish them at once from the many so-called "Tailored Suits." After careful comparison you cannot fail to see Gottschalk's superiority.

Different and Authentic

Different because of the exclusive styles and fineness of prices. We are more than pleased to make such prices at the beginning of the season; we want our patrons to receive the benefit at the beginning of the season.

Authentic because we keep in touch with "Dandy Fashion."

What she decries "Right" is here. We want you to compare our showing with others.

Tailored Suits at \$40

Showing at this price one of the largest and as elegant a line as has ever been shown in this city.

All the leading styles and shades are represented. The popular "Prince Chap," "Johnnie Jones," the blouse and Peplum coats, semi-fitting box coats are among them.

The jackets are handsomely lined with satin and trimmed with strapping of silk, velvet or braids.

Shirts are the new gored and plaited effects. The colorings are brown, red, green, grey and black, the popular plaids and natty checks.

We also have them as low as \$12.00 and as high as \$75.00.

THE UNIVERSITY EXTENSION

Center of Fresno and what it Offers to Members for

\$2 a Year

How to secure a liberal education while engaged in active business or professional work.

The regents of the University of California organized University Extension as a separate department of the work of the University in 1902.

By its University methods of work and study are brought to the people and the opportunity is given for intellectual improvement and advancement in knowledge.

For this year's work the local center selected a history course of lectures on the "Rise and Fall of the Spanish Power in Europe and America" by Don E. Smith. The course comprises:

1. Spain—The Land and the People.
2. The Rise of the Spanish Monarchy; the Reign of Ferdinand and Isabella; the First Settlements in America.
3. The Emperor Charles the Fifth; Spain as a European Power; the Conquest of Central and South America.
4. The Reign of Philip II.; Spain as the Champion of Catholicism; the Defeat of the Spanish Armada.
5. The Extent and Administration of Spanish America During the Sixteenth Century.
6. The Decline of the Spanish Power in the Seventeenth Century.
7. The Golden Age of Literature and Art in Spain.
8. The Spanish Monarchy in the Eighteenth Century; the Reform of Charles III.
9. Spanish America in the Seventeenth and Eighteenth Centuries.
10. The End of the Old Spanish Monarchy; the Napoleonic Empire in Spain; the Peninsula War.
11. The Spanish American Revolution; the War for Independence.
12. Spain and Spanish America in the Nineteenth Century.

Two of the Above Lectures will be Illustrated with Stereopticon Views

Mr. Don E. Smith lectured in Fresno October 5th, proving himself to be a thorough master of his subject, and a clear, forceful, and pleasing speaker.

Membership tickets in the center, entitling the holder to attend these lectures and to take class studies, if desired, may be had for \$2.

About 75 tickets have been sold. To insure success of the center 75 more must be sold within the next ten days.

Tickets may be had of:
C. L. McLane, City Superintendent of Schools
Tel. Main 243.
Dr. W. P. Miller, Garibaldi Building, Telephone Main 667.
Wm. Glass, Republican Business Office, Telephone Main 97.

S. and T. Co., SANGER.

STRIKES HIM WITH WEIGHT

S. J. Hunter Wounds D. L. Bachant With Heavy Missile.

Dispute Over Weight of Grapes Ends In Bad Assault and Grave Charges.

Over a dispute regarding the weight of a consignment of grapes, S. J. Hunter, a rancher who is also employed as a weigher in the Stanford winery, fell to the ground D. L. Bachant, a vineyardist, with a heavy weight and followed up the blow by others, which he was raining upon the unconscious man when Mrs. Bachant, the wife of the injured man, rushed upon the scene to her husband's rescue.

Mr. Bachant brought in a load of grapes a couple of days ago and had them weighed by Hunter, receiving credit for the amount. Yesterday morning Hunter informed him that he had inadvertently given him credit for 1000 pounds too much, there being a mistake in his weighing. Bachant claimed that the weight given on his credit slip was perfectly correct and refused to yield to the claim of an overweight of 1000 pounds. Hot words then followed during which Hunter ordered his caller out of the place, and Bachant told him he would go when he was good and ready. However, he turned to go with the remark that he would look into the matter, as he objected to anyone saying that he was crooked. As he turned his back he received a blow on the head, before he could get up he received several other blows and his wife rushed to the defense of her husband.

Just before the assault, Bachant claims that Hunter threatened to kill him, and he made this statement yesterday afternoon when swearing out the warrant in Judge Smith's office. A warrant was placed in Constable Polston's hands and the officer went in search of the wanted man who will be arraigned on a charge of assault with a deadly weapon. If the threat made against his victim can be substantiated, the charge may be changed to one of assaulting with intent to kill.

Claim Color Is Against Them.

Four husky looking negro hoboes from Colorado, who were up on charges of vagrancy, told Officer Fair that they were looking for work in the packing-houses of Fresno as they had heard that the Raisin city was a place where anyone could get work easily. They said their color was against them and had the excuse as a reason for being on the road. To Judge Briggs yesterday they had the same story to tell, but their story did not make an impression on the judge. They were sentenced to 30 days each. The men said their names were A. Bagley, Joe Leavel and E. Williams.

Gets Drunk to Work.

Whether the mere prospect of work was sufficient strain upon his courage to require artificial stimulants, or the drink came easy, was not stated in the case of L. Carnes, charged with the dual counts of drunkenness and vagrancy, but it was clearly shown that he was drunk and without visible means of support when arrested. To compound his offense when arraigned before the police court, Mr. Carnes stated that he was looking for work and had hopes of getting something to do at the Recreation park. Just before going there he took a drop too much of whiskey, but had no intention of getting drunk. The judge pointed out the poor policy of a man getting drunk while searching for employment and landed him out 10 days.

Victim of Bad Break.

Tom Ward, a newly arrived hobo, is the man who flagged Officer Fair for assistance with a heartrending story of destitution. The policeman was in plain clothes, and came in for a round mouthful of abuse when he declined to help out the famished man. Ward had been drinking, and he was arrested and got 20 days straight yesterday.

Indian Charley Again.

Indian Charley is a mean Indian who tries to run things when drunk. He was arrested for beating an old man on the streets. To the court he pleaded to know nothing about it, but his plea did not work. He got 60 days.

Bald Nuts \$120.

The city coff. ETACON 78008. Summary of \$120 by the raid of Sunday. Yesterday before Judge Briggs twelve men came up on a charge of gambling in a tannin joint. They were fined \$10 each and the money was paid over by several Chinamen who appeared in court with an interpreter. The railed men were Ah Sow, Wah Shue, Ah Wing, Harry Camillo, Lee Song, B. Shugon, K. Yorio, K. Shit, J. Missoua, I. T. Kawa, L. Norikawa and K. Doe.

Father Is Arrested.

A. Schmale was arrested yesterday on a warrant sworn to by Superintendent Sessions of the paternal school, charging him with refusing to send his child to school. There have been several complaints about the man, and he had failed to avail himself of repeated warnings. The judge will hear his case this morning and go into certain evidence which the accused claims to have for his defense.

Hoboes Get Chance.

Three decent appearing young fellows who drifted into town a couple of days ago, told a straight story of looking for work, and promised to get jobs at once if released. There were given the chance on suspended sentence. The men were Joe Burch, Ben Cook and W. E. Wines.

Other Drunks and Vags.

Of the others who helped to make up one of the heaviest days the police court has witnessed for some time, were R. L. Gritinger, charged with disturbing the peace, who was fined \$5; William Kind, Bill Kilo and Josh Miller, drunks, each fined \$5; James Welch and George Haxel, men who engaged in a fight while drunk in Chinatown, who were given a chance, and two John Doe drunks who were still too drunk to face a trial. The latter will be up today.

Blue Ribbons Broken.

The Blue Ribbons have been trimmed again. Sunday they were defeated by the Bikersfield team to the score of 4 to 1. Tufts, who pitched for the locals, was found for six hits and struck out four men. Turner was in the box for Bikersfield and was found for only one hit.

LACK OF LABOR DELAYS NEW SEWER

Contractor McElroy to Begin On Outfall Sewer Next Week.

The expected crew of men that were to arrive here yesterday from the mountains, did not arrive and Contractor Tombs finds himself handicapped for want of labor.

So far, Mr. Tombs has been able to get only twenty men, when he expected to have 100 engaged on the work at this time.

Contractor McElroy, who has the contract for the construction of the outfall sewer and the septic tank, and who has been waiting for the city to get possession of the land upon which to build the tank, will begin work next week. The completion suit for the land is tied up in the courts, and it will be some time before the matter can be disposed of. Mr. McElroy will begin at the point where the city sewer is to enter the new outfall sewer and work toward the sewer farm. It is thought that the land for the septic tank will have been acquired when he gets the work that far out.

LAWRENCE CO. TO HOLD BARTON BOARDS A WEEK

At the Barton next Sunday night, October 14th, the Del S. Lawrence company will open an engagement of one week and Saturday matinee, presenting a repertoire of the latest Eastern successes with change of play nightly. The company comes highly recommended from other California cities. It has been playing in San Jose for two months to crowded houses, and is headed by the leading man, Del S. Lawrence, who is an actor of ability. He is surrounded by a capable company. The opening play will be the Eastern success, "Slaves of Russia," a play which deals with Russian slavery. Special scenery and costumes are used for this production. The comedy scenes in this play are strong, as are also the emotional scenes. The show scene in Siberia is one of special mention.

A special matinee will be given Saturday. Prices 10 and 20 cents. The seat sale will open Thursday morning for the entire engagement. Prices 10, 20 and 30 cents.

MILL CREEK FLOOD WATER

Visalia Trustees and Canal Company Confer.

Levees and Canal Proposed to Protect the Town From Further Overflow.

VISALIA, Oct. 8.—A meeting of the committee appointed by the City Trustees to confer with the Packwood Canal company was had this afternoon in the city council rooms. George H. Castle of the canal company being present, and plans were suggested for taking care of the flood waters of Mill creek and preventing a further overflow of water in Visalia and surrounding territory.

It is proposed to construct a levee along both sides of Packwood from the cut near the Mineral King ranch several miles east of this city to and below the beet sugar factory to enable that stream to carry the surplus water of Mill creek. South of Goshen the waters will be returned to Mill creek through a cut the estimated length of which is three and one-half miles.

Mr. Castle and an engineer will go over the line of the canal and make an estimate of the work entailed. The maximum cost, it is estimated, will not exceed \$10,000, the expense to be borne by a levee district to be formed composed of Visalia and in general the territory contiguous, lying between this city and Packwood creek.

The matter will be brought before the Board of Supervisors as the proper body to act in the matter.

It developed today that family troubles were largely responsible for the rash act of Frank T. Stafford, the painter who killed himself Saturday night in an alley near the Shannon saloon by sending a bullet into his brain. Stafford had a wife in Illinois who he often spoke of to friends, stating that she was coming to live with him here. Sometime ago, however, he declared that it was "all off" and since that time he has been despondent and took to drink.

Telegrams received today from a sister, Mrs. S. S. Harlow of Elkhorn, Wisconsin, and from his wife, Mrs. Emma Stafford of Waukegan, Illinois, directed that the remains be buried in this city. Another telegram was received stating that Stafford was a Mason in good standing in Geneva lodge in Wisconsin. The funeral was had at 3 o'clock this afternoon under Masonic auspices.

The deceased was well educated and is said to have formerly owned a hotel in Wisconsin.

L. T. Bell will dispose of his residence in this city and with Mrs. Bell will leave about the first of the year for Los Angeles, where their daughter, Miss Anna May Bell, is now a teacher in the Polytechnic high school, and where they will reside.

W. J. Gorman of this city and Mrs. F. S. Nichols of Sonoma were wedded at the latter city Saturday and arrived in Visalia yesterday to make their home. The groom is well known in Visalia, but the bride is here for the first time.

Alph. Goldstein has resigned his position as salesman with a local firm and will go to Sonoma with his family about the first of the month to accept the management of the hardware department of a store at that place.

L. T. Bell returned last night from Watsonville, where he attended the grand encampment of Odd Fellows.

E. E. Warner has gone to Santa Cruz on a visit.

Miss Gladys Blaine has gone to Long Beach to enter a business college.

Nathan Cole, Jr., of the beet sugar company, is here from Los Angeles.

George Murdo was a passenger on the Southern Pacific this morning for Pittsburg, Penn.-sylvania.

Mr. and Mrs. Clarence Cross left this morning for Stockton.

That Tired Aching Feeling. Can all be removed with S. B. Ague capsules, price 50c, only at Smith Bros' Drug Store.

REPUBLICAN RALLY TONIGHT

Knowland and Short the Speakers.

Gillett Speaks Here on the 27th.—Needham Cancels Outside Engagements.

Tonight the first Republican meeting of the campaign will be held in Fresno, the speakers being Congressman John J. Knowland of Oakland and Frank H. Short. The meeting will be held in the court house park and D. M. Dring of Coalinga will be chairman. A great deal of interest is being taken in the meeting, as the people of Fresno always enjoy hearing Short discuss the issues of a campaign and particularly "stern" articles in Mr. Short's address this evening on account of his candor for the state senate.

Congressman Knowland is an able and entertaining speaker, and is a man of prominence in state and national politics. He succeeded Victor H. Metcalf when President Roosevelt selected Mr. Metcalf for secretary of commerce and labor, being the first to hold that portfolio.

Mr. Short has been called upon by the state committee this year as in former years, to make a number of speeches throughout the state for the ticket. Notwithstanding his own candidacy, he has consented to speak for the state ticket and will be away from the high to the 27th. He has not yet heard when he is expected to speak.

The demands upon Congressman Needham for address in his own district has caused him to cancel a number of engagements in Southern California. He is scheduled to speak at Riverside on the 18th, San Bernardino on the 19th and Hollister on the 20th. He will give those dates, respectively, to Laton, Selma and Fowler in this county.

J. N. Gillett and Congressman Needham will speak in Fresno on the 27th of this month. It is likely that Senator Perkins will be here at that time.

County meetings for this week are as follows: Thursday, Selma; Friday, Hanford; Saturday, Fresno; Sunday, Coalinga; Monday, Fresno; Tuesday, Coalinga; Wednesday, Fresno; Thursday, Fresno; Friday, Fresno; Saturday, Fresno; Sunday, Fresno.

Thursday night a joint meeting of the Fresno Republican League club with the Selma League club will be held at Selma. The Fresno club will send down a big delegation and a special excursion will be run from this city. All the county candidates are invited to be present and they have all announced that they will be on hand. The principal address will be made by E. A. Williams.

CUPID IS TARDY WITH THESE TWO

Elderly Man and Middle Aged Woman Enter Upon Their First Matrimonial Venture

After successfully ending the wives of Dan Conner for many years, and realizing that dual happiness brings comfort to the loneliness of life's autumn, Charles August Eckberg, a respected resident of this city at the age of 53 years took to himself a bride in Judge Smith's court yesterday afternoon. The lady of his choice is eleven years younger than her newly acquired lord, and like him, makes her first voyage on the matrimonial sea. Her name was Francis Elizabeth Schneider. The groom is a native of Germany, while his comely bride was born in New York. Mr. and Mrs. Eckberg will settle down in a comfortable home in this city without going off on a honeymoon, and are recipients of many congratulations from their many friends.

REAL ESTATE TRANSFERS

The following real estate transfers have been recorded during the past twenty-four hours:

LETTER HEADS

A letter head is an introduction. No established business should conduct its correspondence on blank paper. It would indicate poverty or precariousness. The possession of a letter head indicates permanence. The quality of it indicates standing. Let your letter head give as good an impression as you would like your letter to make. We print that sort. There are other sorts. Ours cost no more.

REPUBLICAN Job Office

Phone M. 220.

\$8.50 New Tourist Coats \$5.95

Full 3-4 length, of fine herringbone grey mixed material, trimmed at neck, back, front and sleeves with black silk braid and velvet; regular \$8.50 values for \$5.95; alterations extra.

New Suits at \$22.50 Worth \$30

A new jacket suit made of imported grey suiting; form fitting; cloth strapped front and back; grey silk braid inserted in each strap; skinner satin lined; beautifully pleated skirts. At \$30 they would be moderately priced. We have named them special today, \$22.50.

-PRINTERS' INK PAYS-**RAILROADS
AND TARIFFS****Rates Required By New Law
Are Causing Trouble.****Carriers Are Willing to Con-
form Thereto But Ask
For Consideration.**

WASHINGTON, Oct. 8.—A hearing was given today by the interstate commerce commission to representatives of the railroads of the country on the subject of preparing and filing tariffs with the commission. It is a subject of much importance to the railroads, although it is practically entirely technical, and about 100 of the traffic officials of the important lines of the country attended the hearing.

Tentatively, the commission has decided to issue an order specifying the requirements that would be made with respect to the filing of tariffs. Some of these require that joint tariffs shall be filed by themselves in the compilation of tariffs a uniform order shall be observed; and terminal charges which must be paid by shippers at destination, and which are, therefore, really a part of the cost of transportation, must be specified in the tariff of the initial line.

On these and other propositions respecting the filing of tariffs, the commission invited suggestions in writing from all interested parties. In addition, it appointed today for an oral hearing on the subject.

During the early hours of the day the carriers held a meeting at which they appointed a committee to present their ideas to the commission. This committee reflected the views of the carriers in different parts of the country. The representatives of the carriers occupied the greater part of the afternoon in presenting their views. It was evident that the carriers are experiencing difficulty in preparing tariffs, and especially in arranging for the uniformity which is required. They indicated, however, their desire to do the best they could.

The commission has informed the carriers that after a sufficient time has been allowed for a revision of the tariffs, "no schedule will be filed by the commission which is not constructed in conformity with the rules issued by the commission, and which does not so state the rates so that they can be understood by a person of ordinary intelligence."

**RIVERSIDE POLICE
HAD FIERCE FIGHT**

Two Mexicans Barricaded Themselves in House—One Killed and Other Captured.

RIVERSIDE, Oct. 8.—After a fierce battle with police officers, in which more than a hundred shots from revolvers and rifles were exchanged, Guadalupe Lara, a Mexican, wanted on a charge of assault, was shot and killed early today in a house where he had barricaded himself. Officer Polverio of the attacking party was shot in the right breast and arm, but not dangerously.

When the officers who were sent to arrest Lara found him, early today, he was in company with Sofronio Garcia, another Mexican, and the two hastily barricaded themselves in a small house. When the officers approached, Lara and Garcia opened fire and Police officers charged to the place and broke in the door, returning the fusillade of shots from the inside. The officers shot and instantly killed Lara and then overwhelmed Garcia.

**BRIDGE MONOPOLY
ADVANCED THE RATES**

Strong Evidence Against a Combine Given In St. Louis Ouster Proceedings.

ST. LOUIS, Oct. 8.—The hearing of the ouster suit of the government against the Terminal Railroad association was resumed today. Charles E. McWing, brick manufacturer of Calhoun county, Illinois, testified that six months after the reported sale of the Alton bridge to the Terminal association, three years ago, the rate on material across the bridge was advanced from the former rate of four-tenths of a cent per 100 pounds to 1 cent.

W. K. Kavanagh, president of the Wiggins Ferry company, and of the Interstate Car and Car Transfer company, gave testimony that showed that the Interstate company is a terminal holding.

**ILLINOIS CENTRAL
CLEARED TEN MILLIONS
IN LAST FISCAL YEAR.**

CHICAGO, Oct. 8.—The annual report of the Illinois Central railroad for the fiscal year ended June 30th shows a total net income of the system of \$10,802,300. The amount paid out in dividends during the year was \$6,652,800 and for betterments of the system \$4,144,700. The amount of \$1,013,826 was carried forward to the surplus dividend of next year.

**NEGRO HAS ELUDED
NORTH CAROLINA POSSE
WHO WANT TO HANG HIM.**

CHARLOTTE, N. C., Oct. 8.—The posse which was in pursuit of Omer Gaddy, the negro who murdered Superintendent H. H. Babcock at the railway camp near Lexington, N. C., yesterday, has lost all track of him. Excitement at Lexington was further increased today by the threat of another negro to kill Foreman Butler. The negro was arrested.

NEW YORK, Oct. 8.—Doctors Brittan D. Vane and Charles E. Wagner of the Morris Plains insane asylum spent several hours with Harry K. Thaw in his cell in the Tombs prison today. The alibi which Thaw permitted Dr. McGuire, the Tombs physician, to present during the examination, is a representative of the district attorney's office.

**FOURTEEN HOURS ON
KEEL OF SCHOONER**

Captain and Six Men Were Rescued
By Yacht After Trying
Experience.

NEW HAVEN, Conn., Oct. 8.—After clinging to the side of the capized British schooner *Orinoco* for fourteen hours, Captain Lohm and a crew of five men were rescued by the auxiliary yacht *Aloha*, belonging to Arthur C. James of New York and brought to this port today. The *Orinoco*, which was overturned in the blow of yesterday, was towed here by the yacht and she now lies on her beam ends in the lower harbor.

**CHICAGO TEAMSTERS
MAKE MORE TROUBLE**

Cornelius P. Shea Is Trying to In-
duce Building Trades Union
to Side With Him.

CHICAGO, Oct. 8.—The factional fight which has been in progress for several months in the ranks of the teamsters union has involved the building trades of this city, and considerable trouble is anticipated. The teamsters are divided into factions favoring Cornelius P. Shea and those opposed to him. It is said that Shea has entered into an agreement with a number of the building trades by virtue of which they will refuse to handle any building material delivered at buildings in process of construction by any teamsters other than those supporting Shea. Several small strikes have already taken place on this account and more are looked for.

Three hundred and fifty jewelry workers struck today in thirty-two shops where an eight-hour day was refused.

**SECRETARY ROOT TO
SPEAK IN NEW YORK**

Secretary Shaw and Speaker Cannon
Also Will Assist Hughes In
His Fight.

WASHINGTON, Oct. 8.—Secretary Root is to make a campaign speech in New York, Oct. 22nd. He will speak in "Carriage" in this connection. A meeting was made today by Chairman Sherman of the Republican congressional committee after a conference with the President.

Sherman also announced that Secretary Shaw and Speaker Cannon will take an active part in the New York campaign. He said that Secretary Taft also would be asked to take part in the campaign in the event he found it convenient to do so after his return from Cuba. If Secretary Taft consents, he will be asked to speak in the West. It originally was intended to send Secretary Taft to Wisconsin, Missouri and Colorado.

PRICES CURRENT

CHICAGO, Oct. 8.—During the early part of the day, sentiment in the wheat pit was bearish and prices showed a moderate decline. Toward the noon hour, however, a stronger tone developed and throughout the remainder of the session the market held firm. The chief bearish factor affecting the market at the opening were lower cash, liberal receipts in the Northwest and an increase of nearly 2,000,000 bushels in the world's shipments compared with those of the corresponding week last year. A special feature of the world's movements was the relative magnitude of shipments from Russia and from Danubian ports, total shipments from these places being over 5,000,000 bushels.

The early weakness was due as much to a slack demand as to any selling pressure, and consequently trading was quiet during the first hour. Later in the day the demand became more active, shorts and a local bull being active bidders. A report from Duluth claiming that considerable wheat had been sold there for export strengthened the market here. The close was strong. December opened $\frac{1}{4}$ ¢ lower at 74½¢ and closed $\frac{1}{4}$ ¢ advanced to 74½¢.

The corn market was easier at the opening because of selling by cash buyers. Excellent weather for the maturing of the new crop was the chief weakening influence. During the last half of the session the market became more in sympathy with the strength of wheat, but the volume of trading was not large. Commission houses were the chief buyers. The market closed firm. December opened $\frac{1}{4}$ ¢ lower at 42½¢, sold off to 42 and advanced to 42½¢. Final quotations were a shade higher at 42½¢.

Favorable weather in the Northwest for the movement of new crop had a depressing effect on the oats market early in the day. Pit traders and some small holders were the chief sellers. Later in the day active demand by commission houses caused a firmer feeling. December opened $\frac{1}{4}$ ¢ lower at 34, sold off to 33½¢ and then advanced to 34½¢. The close was $\frac{1}{4}$ ¢ up at 34½¢.

Provisions were easier at the opening because of a decline of 50 in the price of live hogs. Later, sentiment became somewhat bullish. Cattle made moderate advances. Covering by shorts in October lard was a feature of the market. There was also some buying for foreign account. At the close January pork was up 7½¢ and was 2½¢ and ribs were 5¢ and 7½¢ higher.

LIVERPOOL, Oct. 8.—Close: Wheat, December 48 3/4d, March 49 3/4d. The weather in England today was fine.

SAN FRANCISCO: Wheat, quiet and steady; December \$1.24; cash \$1.25. Barley, quiet and steady; December \$1.05; cash \$1.07½. Corn, easy; large yellow \$1.06; \$1.07½.

NEW YORK: Potatoes are unchanged, choice 10½¢ (11) extra choice 11½¢ (12) fancy 12½¢; extra fancy 12½¢ (12) fancy 12½¢; extra fancy 12½¢ (12) fancy 12½¢. Raisins continue steady. Louis Moscatel 10½¢ (7); seeded raisins 6¢ (8); London buyers, nominal.

Dr. J. L. Martin, Physician and Surgeon, 8300 equipment. Latest and most successful methods of examination and treatment. X-ray, Finson Light, etc.

**MRS. MEYERS
DENIED WRIT****Missouri Murderess Has But
One More Chance.****State Supreme Court Judge
May Issue Writ of Error
In the Case.**

JEFFERSON CITY, Mo., Oct. 8.—The Missouri Supreme court today denied Mrs. Aggie Meyers a writ of error to the Supreme Court of the United States. Her attorneys may now apply to one of the judges of the United States Supreme court for such a writ to appeal the case to that court for review. October 26th is the date set for Mrs. Meyers to be hanged at Liberty, Mo., for the murder of her husband.

LIBERTY, Mo., Oct. 8.—The first intimation that the State Supreme court had refused her attorneys a writ of error to carry her case to the United States Supreme court was carried to Mrs. Aggie Meyers in her cell here today by a representative of the Associated Press.

Mrs. Meyers listened quietly as the reporter told her of the action of the court. Absolutely no show of emotion was displayed by the prisoner, whose remarkable fortitude has been the wonder of all the jail officials who have had charge of her.

"I am not very much surprised," said Mrs. Meyers when the reporter had finished. "The three judges in the criminal branch of the State Supreme court are prejudiced against me. I am still confident that my attorney will be successful in gaining a hearing before the Missouri Supreme court and that I shall finally be granted a new trial, and be acquitted. I have always been confident, as you know, that I will get a fair hearing and that confidence is still unshaken."

**WATER FRONT STRIKE
AT PORTLAND, OREGON**

Entire Federation May Walk Out In
Sympathy With the Grain
Handlers' Union.

PORTLAND, Or., Oct. 8.—Tomorrow morning the entire water front federation, numbering approximately 1250 men, may walk out in sympathy with the striking grain handlers if an attempt is made to load the German ship *Nordsee* with non-unionists.

The longshoremen have been notified by the longshoremen's union that the federation will not work on any ship that attempts to load at docks where strike-breakers are employed.

The boss stereotypes declare that the ship will be loaded. The action of the federation is in sympathy with the strike of the grain handlers' union. The federation consists of the longshoremen, grain handlers, teamsters and riggers' unions, ship cleaners and painters' unions.

**EMPEROR WILLIAM
SCORES VON HOHENLOHE**

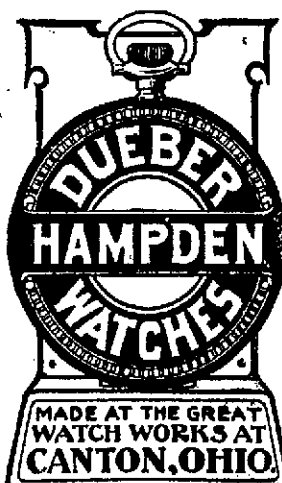

Publication of Late Chancellor's Memoirs Is Denounced as "Gross
Tactlessness."

NEW YORK, Oct. 8.—According to the *Rehemia*, a newspaper of Prague, Emperor William has telegraphed to Prince Alexander von Hohenlohe at the castle of Poljehrad, informing him that his majesty regarded as "gross tactlessness" the action of the prince in causing the publication of the "recollections" of his father, the late Chancellor von Hohenlohe, including extracts from the chancellor's diary referring to the differences between Prince Bismarck and the emperor, which led to the former's retirement.

The emperor added, according to the paper mentioned, that the publication of matters concerning the person of the sovereign ought not to have been made without his majesty's consent.

**RHODE ISLAND MILLS
EXPERIENCE A SHORTAGE
OF SUITABLE LABOR.**

PROVIDENCE, R. I., Oct. 8.—Cotton mill agents in Rhode Island complain of a scarcity of help in some departments and assert that in this respect the increase of wages granted early last summer did not have the beneficial result hoped for. In one large mill there are said to be 600 vacancies. The scarcity of labor has brought about a keen competition among mill officials in offering inducements to families of workers to become permanent help.

S.S.S. CURES CATARRH

Catarrh cannot be washed away with sprays, inhalations and such treatment, nor can it be smoked out with medicated tobacco, cigarettes, etc. When you attempt to cure Catarrh with such things you are wasting time and allowing the impurities and poisons in the blood, which produce the disease, to get so firmly rooted as to become not only a disgusting trouble, but a very dangerous one. The annoying symptoms of ringing noises in the ears, "hawking and spitting," headaches, mucus dropping back into the throat, impairment to the senses of taste and smell, and a feeling of general debility, prove that there is a deep-seated cause for Catarrh. This cause is a polluted and unhealthy condition of the blood, and the disease cannot be cured until this is removed. The only way to get rid of Catarrh permanently is to purify the blood, and S. S. S. is the ideal remedy for this purpose. It soon clears the system of all impurities, purges the blood of all catarrhal matter and poisons, and effectually checks the progress of this disgusting and far-reaching disease. S. S. S. puts the blood in perfect order, and as this pure, healthy blood goes to every nook and corner of the body Catarrh is permanently cured. Book with information about Catarrh and medical advice free.

**CRIPPLED STEAMER
MANCHURIA COMING**

Convoys By Battleship Wisconsin
She Will Make Slow Speed
Across Pacific.

HONOLULU, Oct. 8.—The battleship Wisconsin which is conveying the Pacific Mail liner Manchuria to San Francisco, is proceeding the crippled liner about 800 yards. Several members of the signal corps were placed aboard the steamer, who will keep in constant communication with the battleship by means of signals. The Manchuria will steam about eight and a half knots per hour, and with her convoy, will take a very circuitous route to avoid storms.

Captain Humphreys, depot quartermaster, has added to Washington questioning that the government tug *General Sherman* be sent from San Francisco to tow the transport Sheridan to that port, as it has been found that the damage to the transport is such that it cannot be repaired here.

The Manchuria went ashore on Barber's Island on Aug. 20th, and the Sheridan a few days later ran on a reef at Barber's Point.

**SENATOR BAILEY AND
THE ATTORNEY GENERAL**

Texas Was Willing to Assist In
Prosecution of Waters Pierce
Oil Company.

AUSTIN, Texas, Oct. 8.—The correspondence regarding the proposition of Senator J. W. Bailey to assist in representing the State in the matter of prosecuting the Waters-Pierce oil company as part of the Standard Oil company, was made public today.

It appears that Senator Bailey wrote letter to the attorney general advising him that he would be glad to lend him what assistance he could in the way of developing facts in connection with the case and to this proposition the attorney general replied that, while he appreciated the interest manifested by the senator, he is able to handle the case with the facts now confronting him, but if he needs any additional assistance or advice, he will come to a pleasure to call upon the senator.

**COAL LANDS WILL BE
WITHDRAWN FROM ENTRY**

Secretary Hitchcock Has Given the
President Data for His Forth-
coming Proclamation.

WASHINGTON, Oct. 8.—Secretary Hitchcock today laid before the President a memorandum containing data to be used by him in his forthcoming proclamation withdrawing from public entry all lands supposed to contain coal. This will be done to prevent such lands from falling into the hands of speculators.

Meantime, an investigation is under way by the geological survey to determine the real character of the lands to be withdrawn, and such as are found not to contain coal deposits will be promptly returned to public entry. Secretary Hitchcock said the withdrawals will cover lands in a number of Western states.

**TRAIN DISPATCHER
ARRESTED FOR FIRING
A UNION OPERATOR**

EVANSVILLE, Ind., Oct. 8.—R. E. Kooper, a train dispatcher for the Louisville & Nashville railroad, was arrested here today by Deputy United States Marshal Charles Johnson on an indictment returned by the grand jury at Springfield, Ill. The charge against Kooper is that he discharged a 12-gauge shotgun because the latter joined the telegraphers' union.

**STANFORD CREW IS
TO BE COACHED BY
DAN MURPHY AGAIN**

STANFORD UNIVERSITY, Oct. 8.—Dan Murphy of New London, Conn., will again coach the Stanford crews next spring. Murphy telegraphed his acceptance of the position to the university today, but he will not commence work until January. The famous coach's success with the Stanford crew, which he took last summer, induced Wisconsin and Harvard to make him a coaching offer.

Hanged Himself in Cell.

PHOENIX, Ariz., Oct. 8.—Duen, the Chinese convict in the Arizona prison, who murdered John Brown, a fellow convict, last week, has committed suicide by hanging himself with a towel in his cell.

OIL.

Few people who have not visited the oil regions of California have any clear realization of the magnitude and importance of the industry or of the difficulty of the problems which confront it. Fresno's oil fields, at Coalinga, are in a remote and forbidding region, a long way from anywhere, and are naturally not much visited except by those immediately interested in the business. It is a region where nothing grows on top of the ground, even the creeks run black, tarry oil, and the whole wealth of the region lies buried half a mile under the ground, where it can be reached only by wells each costing as much as a good-sized business building. Black oil, blackened derricks, and camp houses, are the few and unattractive signs of man's handiwork. Yet a group of those dingy derricks, on a barren hillside, means as much industrially, in investment and income, as the wholesale district of a big city.

These wells produce good oil and plenty of it. The market takes this oil in eager demand. It has already revolutionized all power and manufacturing conditions in California, and is destined to monopolize domestic fuel as well. The oil is all right, at the well end, and the price is all right, at the consumers' end. But—

There are only three ways to get that oil out—a pipe line to Monterey, a pipe line to Point Richmond, and the Southern Pacific railroad. Practically the only transportation available to the independent producer, seeking his own markets, is the railroad. If that railroad were open on equal terms to everybody, the producers would have a chance. The rates are too high, but not so high as they were before the oil rates case of four years ago, and not so high as to prevent the producers from doing profitable business, on the basis of consumption prices now readily obtainable. But the independent producer can make no contract for the regular delivery of oil. His wells flow, and the trains run, but cars are scarce, and the independent producer can not count on getting them. Discrimination may be hard to prove in a particular instance, but it is undoubtedly practiced. The individual is helpless against it. Organized effort, on the part of the producers, and proper legal and administrative help, on the part of the public, are the only remedies. The organization will doubtless be perfected. The public part is not so certain.

Since these shipments are wholly within the state, they do not come under the laws of congress. But if California had a railroad commission of half the caliber of the Interstate Commerce commission, or even as potent as the Illinois Railroad and Warehouse commission, and a law half as good as the national railway rates law just passed, the discrimination would be put an end to in a hurry. When this is obtained the whole difficulty can be cured by a law and its enforcement. Meantime, organization among the producers seems to offer the best promise.

THE ALCOHOL BILL.

Regulations have been issued for the operation of the law taking off the tax from denatured alcohol, which goes into effect next January. The regulations appear simple and workable, and will provide, with a minimum of surveillance and expense, a large amount of alcohol, rendered unfit for drinking, for use as fuel and in the arts. The importance of this bill is usually either not appreciated or else exaggerated. The number of things in which cheap alcohol can be used is enormous, but in only a few will the difference be apparent at once. The price of shellac and varnish will of course go down at once, while the quality will improve. Indirectly, the price of all polished woodwork will be lowered. A little later, factories for the manufacture of transparent soap, mercury fulminate, smokeless powder and other chemical products, will follow. As a fuel, the progress of alcohol may be slower, especially in automobiles, and other explosion engines. Alcohol is in most respects superior to gasoline for these purposes, besides being in permanent and unlimited supply. But the engines and carburetors will have to be changed, and the exact nature of the changes needed is not yet fully understood. Possibly for many stationary engine purposes it will be best not to explode the alcohol at all, but to use it, like water, in a steam boiler, only taking pains to recondense it all. In whatever manner, the alcohol will gradually come into greater and greater use, until in a few years we shall wonder how we ever got along without it.

For lighting purposes, alcohol is better, cheaper, safer and cleaner than petroleum, but has the disadvantage of requiring a Welsbach mantle, which forbids its use in rough or jarring work. As is well known, though, the alcohol flame can be given a yellow color by mixing a small quantity of common salt with the alcohol. Other chemicals give different colors. Perhaps some one can invent a combination which will give a luminous white flame.

"Denatured" alcohol is alcohol rendered unfit to drink. Perhaps one of our chief difficulties will be to find anything nasty enough to prevent some people from liking it.

NO GAMBLING MACHINES

It seems really absurd that active organization and agitation should be necessary to prevent the adoption of the wide-open slot-gambling ordinance next Monday evening. This whole question has been fought out before. It took years of agitation to get the law passed suppressing the gambling machines, and nearly a year to enforce it after it was passed. All this was a tremendous effort against an entrenched evil. But now the conditions are reversed. It is the law that is now entrenched, and the evil is making no very great efforts to get in. Almost nobody is asking for the proposed change, and the direct constituencies of a majority of the board are openly against it. Altogether, the effort looks so feeble as not to be worth any exertion to suppress it.

But it is. When an ordinance is passed to print by a vote of 7 to 1, and the mayor is known to favor it, that ordinance is going to pass, unless somebody changes his mind. And the most effective way to change the minds of the people's representatives is to make it plain to them what the people think. The unions and the churches have already spoken in no uncertain voice. Equally strong, though less organized, protests will come from the business and professional classes. It must be made unquestionably and impressively evident to the trustees that the solid people of Fresno will have none of this movement. That will end it.

OPPOSITION TO SLOT MACHINES

Vigorous Protest to Be Made To Trustees.
Petition Numerously Signed By All Classes Will Be Presented to the Board.

The City Trustees will encounter a vigorous protest next Monday night when they undertake to repeal the ordinance against nickel-in-the-slot machines so that these gambling devices may again be displayed on every corner in town. Citizens who look upon the backward movement with sincere regret will appear before the trustees to urge that the step be not taken. A petition will be presented against the return of the public gaming devices. This petition has already been numerously signed. The labor unions are solidly against this vicious form of gambling. The petition has been numerously signed by the working men. Sunday copies of the petition were circulated in the First Presbyterian, Christian and other of the churches and was numerously signed, in fact signed by every man in the congregation.

Today copies of the petition will be circulated among business men and will no doubt be unanimously signed. When the petition is presented Monday night the bankers, doctors, lawyers, ministers and other professional men, the unions and business men will all be represented in protest. Judge M. K. Harris will act as spokesman for them.

The trustees at their last meeting passed to print an ordinance repealing the present ordinance against all gambling devices, including the machines paying in money. Keiser, representing the citizens, tried to get the board to pass the ordinance unanimously. That would have made it law at once. Trustees J. Q. Anderson was the one member of the board who resolutely stood out against this snap judgment. By his resolute opposition it became necessary to pass the ordinance to print, and it will come up for final passage next Monday night. A majority vote will pass it and let in the mechanical gambling machines.

CITY HALL WILL NOT BE FINISHED ON TIME

Wait for Material After San Francisco Disaster Set It Back—Good Progress Now.

C. J. Lindgren, contractor of the city hall, says it will be impossible to finish the building within the contract time owing to two months' delay in waiting for the delivery of material following the San Francisco disaster. The building will be finished, however, by the 1st of the year.

BIG CREAMERY DEAL MAY BE CLOSED TODAY

A. B. Evans stated yesterday that the deal whereby the Pacific Coast Farm Products company is to absorb the San Joaquin Creamery and Ice company is likely to be consummated very shortly now. The Farm Products company has had an option on the Fresno property for some months and Mr. Evans expects a representative of the company to arrive from Chicago today or tomorrow to close up the deal. If put through, it will involve a consideration of about a quarter of a million dollars.

PERSONAL MENTION.

E. R. Smith, the well-known contractor, who has been in San Francisco adjusting losses for the insurance companies, arrived in Fresno last night and will go to Dinuba today to adjust the Griffin & Skelly loss on the Dinuba packing house fire.

NEW JERSEY MURDER CASE

Trial of Dr. Brouwer Will Be Sensational.
He Is Accused of Killing His Wife and Public Feeling Runs High.

TOMS RIVER, N. J., Oct. 8.—The trial of Dr. Frank Brouwer, charged with the murder of his wife, was on the court calendar here today. Mrs. Brouwer died in September, 1905, after an illness that was diagnosed at first by her husband as cholera morbus. Dr. Brouwer signed a death certificate setting forth that Mrs. Brouwer died of Bright's disease. Soon after the funeral, rumors began to spread that there was something suspicious about Mrs. Brouwer's death. There had been quarrels between the couple over the administration of Mrs. Brouwer's estate. It also was rumored that Mrs. Brouwer had been jealous of one of the doctor's women patients.

CHAMPIONSHIP GAMES ON CHICAGO DIAMOND

Immense Crowds Will Be On Hand to Witness First of the Series.

CHICAGO, Oct. 8.—Ideal baseball weather is promised for tomorrow, and tonight every one in Chicago who ever saw the national game played is anxiously waiting for the call of time at 2:30 o'clock, when the Chicago National and the Chicago Americans will meet in the first of a series of seven games for the world's championship. Both teams are in excellent condition for the struggle and both are confident of victory. The pitchers are in grand form and both managers, Chance and Jones, declared that the losing team would have no excuse for losing except that the best club had won. Neither Chance nor Jones was able tonight to determine who would pitch the first game.

Many persons arrived tonight from near-by cities, only to find that the reserved seats had all been disposed of three days ago and they would be compelled to take their chances tomorrow in getting grandstand admission. The game will be played on the grounds of the American league. Thursday's game will be decided at President Comiskey's park and the next four games will be alternated between the South Side and the West Side parks. CHICAGO, Oct. 8.—Preliminary to the world's championship baseball games, which begin here tomorrow, members of the National commission, members of the Chicago National and American league teams, the umpires and others directly concerned, met here today. Rules governing the series and the importance of preserving decorum on the field were among the matters thoroughly discussed.

The advance sale of tickets makes it a foregone conclusion that a record-breaking crowd will be present when play begins at the National league park at 2:30 p. m. tomorrow. Anticipating that thousands must be turned away from the game, the local newspapers have leased several of the largest halls in the city, where those disappointed at the park may receive by wire prompt reports of every play made.

LA FOLLETTE SPOKE OF SENATORS' RECORDS

Amendments to Rate Bill Proposed By Him Were Defeated Without Argument.

KINGMAN, Kan., Oct. 8.—Senator La Follette of Wisconsin lectured here tonight on "representative government." Much of his address was devoted to the new railroad rate law. The greatest value of the law, he said, was the fact that it was possible to get a railroad bill through congress. The senator continued: "I offered nine amendments to the rate bill. Eight of them had been recommended in seven consecutive annual reports by the Interstate Commerce commission. Every one of them was supported by arguments and facts that were unanswerable and unanswerable. No man in the senate answered them, and yet as fast as it could be done the senators voted them down. I believe the only remedy for such conditions is to lay the records of these men before their constituents. I will not single out any senator. I shall read the record and you shall see. If any senator is attacked by reading the record, I don't attack him. He attacks himself."

Prohibitionists in Conference. SAN JOSE, Oct. 8.—Two hundred delegates to the first annual convention of the Home Protective Church Federation convened today. Addresses upon prohibition occupied the session.

BUILD CANAL BY CONTRACT

Final Decision Arrived At To That Effect.
Employment of Chinese Will Not Be Changed—Roosevelt's Visit to Isthmus.

WASHINGTON, Oct. 8.—It has been finally decided that the Panama canal will be completed by contract. In a few days the commission will make public a statement setting forth its reasons for favoring the contract system, and at that time a form of contract will also probably be published, showing exactly the sort of document believed by the commission to be necessary for safeguarding the work.

President Roosevelt is known to support the commission in its position that the work can be done more satisfactorily by contractors than by the government. He had a long conference with Chairman Shonts today on the subject and the various arguments in favor of the contract system were discussed fully.

IN THE LAND OF THE CZAR

Trial of Workmen's Delegates In St. Petersburg.

League of Russian People Will Use Every Effort to Control Elections.

ST. PETERSBURG, Oct. 8.—The trial of members of the council of workmen's delegates which has been proceeding here presented no striking feature until today when Krustaleff, president of the council, asked and received permission to explain the reasons for the council's existence and its purposes. He spoke for two hours and was not called to order. He said the council was not on trial, but rather the 20,000 workmen of St. Petersburg whom he represented and who had striven to attain economic and political reforms by pacific means. It was the government, he declared, and the government should be brought to trial. The workmen had been forced to revolution and they would continue in revolution.

Many of the witnesses examined refused the oath and ostentatiously ignored the judges to greet the prisoners when entering the court. The name of Count Witte was mentioned by several witnesses, who declared that the ex-premier had been fully cognizant of all proceedings of the committee; that he had several conferences with the leaders and had yielded to the wishes of the council in the matter of releasing a number of the persons from custody.

LA FOLLETTE SPOKE OF SENATORS' RECORDS

Amendments to Rate Bill Proposed By Him Were Defeated Without Argument.

KINGMAN, Kan., Oct. 8.—Senator La Follette of Wisconsin lectured here tonight on "representative government." Much of his address was devoted to the new railroad rate law. The greatest value of the law, he said, was the fact that it was possible to get a railroad bill through congress. The senator continued: "I offered nine amendments to the rate bill. Eight of them had been recommended in seven consecutive annual reports by the Interstate Commerce commission. Every one of them was supported by arguments and facts that were unanswerable and unanswerable. No man in the senate answered them, and yet as fast as it could be done the senators voted them down. I believe the only remedy for such conditions is to lay the records of these men before their constituents. I will not single out any senator. I shall read the record and you shall see. If any senator is attacked by reading the record, I don't attack him. He attacks himself."

Kutner-Goldstein Co. The Big Store. Kutner-Goldstein Co.

Thousands of Yards of Beautiful Laces on Display Now!

The great lace makers from the world's great centers have simply outdone themselves this season in their conception and creation of beautiful, artistic laces. Never has there been a season before where the laces have been so fine — seems as if they were hand made, so thin and so exquisitely dainty are they.

Even the Oriental lace with its immense designs of beautiful roses and buds, together with their foliage are more gorgeous than ever before.

This is truly a season where laces of every description are going to be used — and extensively. Rare and rich laces always add to a costume that much desired Frenchy tone and give a dress a style that is most pleasing to every woman of refined taste.

No set width is worn—everything is stylish and fashionable. How enthusiastically the women speak of our beautiful laces and how glad they are to know that laces are going to be the main trimming for fall and winter.

It's truly a wonderful display of masterful art in lace making—so don't miss this display. It will help you decide what you're going to have for your new gown. A few hints:

- Black Cluny, Oriental and Irish laces and insertions — 10c to \$12.50 yard.
- Beautiful white Irish point lace, in all over edges and insertions to match—25c to \$12.50 yard.
- The new hand made Princess laces in black and white insertions and edges; all the rage in the East—\$1.25 to \$12.50 yard.
- Oriental all over laces and insertions; 1-2 to 15 inches wide—10c to \$10 yard.

- Ladies' Shoes, \$1.98 Pair. Vici kid lace shoes; blucher cut; patent leather tips; medium heavy soles.
- October Sale Price, \$1.98.
- Ladies' Shoes, \$1.45 Pair. Ladies' kid lace shoes; double sole, extension edge; patent leather tips; military heels; October Sale Price, \$1.45.
- Ladies' \$3.50 Shoes, \$2.95. Soft kid blucher cut shoes; jumbo eyelets; patent leather tips; medium heavy extension soles; Cuban heels.
- October Sale Price, \$2.95.
- Ladies' \$3.50 Shoes, \$2.95. Patent kid shoes, 3-4 foxed; plain toes; dull matt kid tops; Cuban heels; flexible soles.
- October Sale Price, \$2.95.
- Ladies' \$3.50 Oxfords, \$2.89. Patent ideal kid vamps; plain toes; dull matt; kid quarters; handworked eyelets; light turn soles; Cuban heels.
- October Sale Price, \$2.89.
- Cotton Blankets, \$1.15. An extra good value; cotton blankets in grey, tan and white; double bed size.
- October Sale Price, \$1.15.
- \$6 Wool Blankets, \$5. 11-4 wool blankets, made by the Oregon City Woolen Mill; grey or vicuna.
- October Sale Price, \$5.
- Fine Blankets, \$7 Pair. 12-4 blankets, in grey or vicuna; Oregon City Woolen Mill manufacturing.
- October Sale Price, \$7.
- White Wool Blankets, \$5. 10-4 white wool blankets, with blue and pink borders; silk bound edges.
- October Sale Price, \$5.
- 75c Table Damask, 65c. Mercerized damask, satin finish; 66 inches wide.
- October Sale Price, 65c.
- \$5 Taffeta Underskirts, \$3.90. Guaranteed taffeta silk underskirts, in black and colors; with silk dust ruffle; deep flounce; prettily trimmed.
- October Sale Price, \$3.90.
- \$2.25 Kimonos, \$1.75 Each. Fleece-down kimonos with large shawl collar; finished with silk Soutache braid and silk frogs.
- October Sale Price, \$1.75.
- Ladies' \$3 Kimonos, \$2.50. Fleece-down kimonos, in a nice assortment of neat designs; trimmed with silk frogs; long length.
- October Sale Price, \$2.50.

KUTNER-GOLDSTEIN CO. THE BIG STORE THAT SAYS YOU MIGHT

STANDARD OIL TRIAL TODAY

Ohio Probate Court to Hear the Charges.

Valentine Anti-Trust Law of 1898 The Basis of Prosecution.

FINLAY, O., Oct. 8.—Charged with "conspiracy against trade," in violation of the anti-trust laws of the State, the Standard Oil company of Ohio and its alleged constituent companies, the Buckeye Pipe Line company and the Manhattan Oil company, will be placed on trial here tomorrow before Judge (Klebe) G. Barker and a jury in the Probate court of Hancock county.

In the original information filed last June by County Prosecutor William L. David, John D. Rockefeller was made a party to the suit, but through the granting of a request for a separate trial, Rockefeller will not be called as a defendant until the case against the company has been disposed of. Rockefeller, it is said, will not be summoned as a witness and will not attend the trial.

If the manner of instituting the suit by information, instead of by grand jury indictment—and the jurisdiction assumed by the Probate court, are upheld in the higher state courts the case will assume added importance as indicating an easier and more direct method for action against alleged trade conspirators.

The manner of bringing the suit and the jurisdiction of the Probate court have been questioned by the attorneys for the defense, but Judge Hunkler has decided against them on all points and no appeal can be taken on these preliminary questions until the case has been tried.

Judge Hunkler ruled that a violation of the Valentine law constitutes a misdemeanor and that the last session of the legislature gave Probate courts concurrent jurisdiction with common pleas courts in all misdemeanors. To this ruling, as well as that on other technical points, the defense took exception.

The Valentine law, under which the action was brought, was passed July 1, 1898. It defines a trust elaborately as a combination of capital, skill or acts by two or more persons, firms, etc., to create or carry out restrictions in trade. The violations of the act are defined as "conspiracy against trade," and are punishable by a fine of from \$500 to \$5,000 or imprisonment for from six to twelve months.

As to the evidence required to convict, the statute says: "It shall be sufficient to prove that a trust or combination, as defined herein, exists, and that the defendant belonged to it or acted for or in connection with it, without proving all the members belonging to it, or proving or producing any articles of agreement or any written instrument on which it may have been based; or that it was evidenced by any written instrument at all. The character of the trust or combination alleged may be established by proof of its general reputation as such."

SEALING SCHOONER HOME FROM A CRUISE

VICTORIA, B. C., Oct. 8.—The sealing schooner, Casco returned tonight from Behring Sea with 311 sealskins and twelve sea otter pelts, the latter being valued at from \$7000 to \$10,000 each. The schooner reported having spoken the Japanese schooner Tiyo Maru, one of the raiders which lost five men killed and twelve captured at St. Paul island, and the Japanese asked for a chart of the Pribyloff islands, which was not furnished. The Japanese admitted having been at Copper Island.

The sealing catch will be small this year.

WEST BADEN, Ind., Oct. 8.—The thirty-fourth annual convention of the American Association of Traveling Passenger agents opened here today.

SIOUX CITY, Ia., Oct. 8.—The village of Lake Under, S. D., was severely damaged by fire today. Loss \$30,000.

THE FRESNO MORNING REPUBLICAN

WEATHER

SAN FRANCISCO, Oct. 8.—Forecast: San Joaquin valley—Fair Tuesday; light southwest wind.

FRESNO, Oct. 8.—Official readings at 5 p. m.:
Temperature, Dry bulb 91
Temperature, Wet bulb 67
Humidity 67
Wind, N. W., miles per hour 17
Maximum temperature 92
Minimum temperature 62
Fair Tuesday.

High barometric pressure, with generally fair, cool weather occupies the Atlantic and Gulf states, and light to heavy frost occurred from West Virginia northward to Lake Ontario. A steep barometric depression covers the upper lake region and the middle Mississippi valley, with its center in the vicinity of St. Paul, which caused light rains yesterday or last night over portions of eastern Montana, Minnesota, West Virginia, Pennsylvania and northern New York. Fair moderately cool weather accompanies an area of high barometric pressure which covers the region from the Pacific coast to the eastern slope of the Rocky mountains. Seasonable weather prevails along the Pacific slope, with some fog on the coast in the region of Puget Sound, and at San Luis Obispo. The conditions are favorable for continued fair weather at Fresno and vicinity Tuesday.

Gill and DeWitt H. Gray.

Tender and Sweaty Feet
Can be cured with Smith's and Sweet's ointment, when all other remedies fail. Price 25c; only at Smith Bros. Drug Store.

NEW LEAGUE AFTER CITY

Tax Payers League to Investigate City Government.

Meeting of Committee On Organization Called for Today—Large Membership promised.

That the proposed Taxpayers' League will investigate the expenditures of city as well as county funds is the statement of W. W. Phillips, who has been prominently identified with the movement and who is chairman of the committee which will draw up the constitution of the new organization.

"We do not intend to confide ourselves to the county government by any means," said Mr. Phillips last night, "but we shall look after the city officials as well. It is as common for city officials to practice dishonesty as it is for county officials, and we would not be justified in confining our attention to the county government."

"I am not conversant with the affairs of the city government enough at this time to state whether or not I think that there are any extravagances in the present administration, but if any one thinks that there are he will have an organization that will look into the matter for him and prosecute the case if there is any truth in his suspicions."

The committee appointed at the last meeting of the Realty Federation to draw up a constitution for the new league will have its first meeting today. The constitution will be presented to the Realty Board at its next meeting and after its adoption a campaign for membership will be started. "I have had a great many people volunteer to come into the organization," said Mr. Phillips last night, "and we will have a very large membership."

MYERS SUGGESTS WELLS TO BOARD OF HEALTH

To Carry Off Waste Water From the Ice Factories.

As one of his last official acts as chairman of the sewer committee from which he is to be deposed next Monday night for daring to suggest that the city cannot afford to pay \$200 a month for the services of a city engineer who spends only a small portion of his time to attending to city business, City Trustee Myers is making arrangements for the disposal of the waste water from the ice companies' plants which has created so much disturbance by being flapped from the sewer to the gutter and back again.

Mr. Myers has a plan to dig a well near the ice companies' plants below hardpan and to run the water into the street. He thinks that if the well is sunk deep enough it will reach an underground stream and be carried away as fast as it runs into the ground.

The plan was brought before the board of health at its meeting last night and received the sanction of that body. It was pointed out that there is no danger in this method of disposing of the water as it is clean.

The water has been on the street for the past few weeks and no more complaints have come in from the residents in the southern part of town on account of the backing up of the sewers, but there has been considerable complaint about the water in the street. The plan of Trustee Myers is thought to be feasible by engineers and will be given a trial at once.

The funeral was held yesterday at 1 o'clock.

WEBFEET PLAY HERE TODAY

Agnew of Seattle Has Quit the Game.

Vancouver Wants Admission to Pacific Coast League—Fresno Can Remain.

The Webfeet, giants of the Pacific Coast league, open up at Recreation park today for a series of seven games with the Rain Eaters. The game will commence at 4 o'clock.

Portland is so far ahead of the rest of the clubs that she is conceded to have a cinch on the pennant this year, but Fresno has made a better showing against the northerners than she has made against most of the other clubs, including Oakland who is trying to oust Mike's bunch from the lead of the percentage column.

McGregor, who pitched two shut-out games against Portland while Fresno was in the north four weeks ago, will be on the firing line for today.

Either Califf or Henderson will whirl for Portland.

Agnew Has Quit.

News comes from Seattle that J. P. Agnew, the main stockholder in the Seattle club, had announced his withdrawal from the baseball world. Agnew gave quite a little trouble at the time of the San Francisco earthquake and President Bert went to Seattle a few weeks ago to straighten out the difficulties. There is a scramble in the north for the club and the talk there is that Seattle will be taken over by a new corporation and taken into the Northwest league which will include Portland. If the Pacific Coast league decides to remain in the north, Vancouver will apply for admission. The dispatch follows:

SEATTLE, Oct. 8.—Vancouver, B. C., will be a member of the Pacific Coast league, or its successor, next year. Unless Seattle gets a new backer, there is a chance for the Northwestern league taking this city and Portland.

J. P. Agnew, one of the present members of the team, has announced his withdrawal from the club. Should the Coast league succeed in the territory, League of the Northwestern league, will place teams here and in Portland and add Vancouver. Tacoma would complete the circuit. If this deal falls, and the Coast league survives, then Vancouver will apply for a franchise in it.

J. M. Higgins, financial agent for the Portland team, says that the Pacific Coast league will retain Portland and Seattle both. "This talk about Portland's going out of the league is all hush," he said last night. "Portland will remain in the league and so will Fresno if she wants to. All the managers have a very soft spot in their hearts for Fresno on account of the kind treatment of their clubs by this town immediately after the San Francisco earthquake. We received fine treatment here. We came here homeless and almost without clothes and were taken care of. Fresno can stay in the Pacific Coast league as long as there is a league."

WANTS TO BREAK INTO COUNTY JAIL

Old Man John Smith Indignantly Demands Admittance to Old Quarters.

To most people with a working set of wits, the county jail is a place to "stolidly" avoid, but the night jailer last night had a caller who sought admittance and waxed indignant when refused. He was later accommodated on insistence with his plan. The visitor was old John Smith, who acquired a heavy head of whisky during an evening's visit to town.

The fellow, who is 50 years of age, has been in jail many times, but on each occasion has been sent to the county hospital by Judges Briggs and Smith, who do not like to see such an old man in jail. Last night he got a little absent minded, and abstractedly wondering his way homeward went to the jail instead of to the hospital. When he arrived at the door he discovered his mistake, but, realizing that the hospital was a long ways off, the hour late, and his legs a trifle wobbly, he concluded that he might as well get inside to his old quarters anyhow. He explained the situation to Deputy Sheriff Butler, through the pigeon hole of the door, but spurned the advice of the jailer to go home to his old quarters. Finding the officer obstinate, the old man demanded his rights as a citizen and Extraordinary and said he would sit on the chair outside all night and see whether he could not get inside if he wanted to. Finally Deputy Butler took him out of the cell for his celler, when he found that his celler was stretched out on the ground-deep. He will be sent back to the hospital this morning.

Old Smith is one of the most picturesque and pathetic personalities in the city. In his younger days he was a man of vigor and promise and comes from a good family. After receiving a good education he filled several responsible positions under the government, being among other things an Indian agent on a large reservation. At one time he acquired a decent little piece of property and was a respected man until in advancing years he drank hard and lost all he possessed. When sober he presents a striking sight, and more than one stranger has turned on the street to take a second glance at the neatly-dressed and dignified looking old patriarch with the long flowing beard. With old time courtesy, he stands chatting to his many acquaintances and is especially well liked on public. Because of his conversational powers he is a welcome caller at any barroom and he gets all the drink he can hold on his visits to town. A number of philanthropic persons have interested themselves in his behalf from time to time, but he has long been given up as a hopeless recluse for their good offices. Despite his great age and erratic habits, the old man is strong and healthy, and possesses a firm and strong voice. With reasonable care, several doctors have said there is no reason why he should not reach the century mark.

Holland Colony, October 8, 1906.

We have with us to express our sincere thanks to all our friends for their sympathetic and kind assistance during the sickness and their attendance to the last resting place of our beloved son and brother, Henry Bos.

"HERMANN"

THE GREAT TAILOR
1046-48 J Street, Fresno.

.. SOCIETY ..

"All work and no play makes Jack a dull boy," and all a dull boy, too, might be truthfully added. But there were no dull boys yesterday in the Query club conducted wisely by the teacher president, Mrs. George Morgan, who modeled herself yesterday in the original entertaining as hostess for the club. Not knowing the program for the afternoon, the club assembled up the stairs in the home of Mrs. Morgan, seated in some hidden mystery and on the quiet for something jolly in the way of entertainment; for this particular hostess always has a novel plan laid away in a dark corner to produce at the proper moment. After the long summer vacation it was especially fitting that school should begin in good earnest and the president besides sympathizing the year's study ahead gave the members a jolly good time during a fund of good feeling and fellowship with which to begin the winter's work.

As is the rule in all rightly conducted schoolrooms, the good old-fashioned sounding bell rang out decisively at the appointed hour. The "children" doctored in by twos and threes into the cleverly improvised schoolroom arranged in the double parlors. At one end stood the teacher's desk containing all the "instruments of torture," while in front were placed the seats in rows, each girl having a seatmate chosen by muting cards with appropriate sayings inscribed thereon. A water bucket conveniently placed, the teachers allowed the pupils to visit before school began. Then slates were passed around and surely a child ever had a prettier one. Attached was a tiny pencil and several sheets of paper bearing solemn-looking questions to be answered and "sums" to be done. Suitable rewards were given the pupils answering the most questions correctly. There were puzzling questions in geography, physiology, literature and arithmetic. The teacher was very kind and realized that it is very difficult to sit quite still and not whisper after so long a playtime, so there were a few blue-inked papers.

Then recess time came, the best time of all some of the girls thought, for the whole school trooped out into an adjoining room and were given the daintiest lunch baskets you ever saw filled with such an appetizing collection of good things. Seated in a circle on the floor the lunch was devoured with alacrity, while all the pent-up store of spirits which had been repressed during school hours, was let loose and "recess" was a never-to-be-forgotten hour.

Congratulations were showered upon the clever teacher for her ingenuity in planning so delightful an opening to the club year and school was over. There were a few more serious matters talked of, however, before adjournment—business in connection with the club and the assignment of parts for Romeo and Juliet, the Shakespeare study which will begin the study for the year. The members feel that they are most fortunate in having Mrs. W. P. Miller as a leader this year in Shakespeare work. Mrs. Miller will meet with the club next Monday at Mrs. Moore's at 2 o'clock.

Mr. and Mrs. Herbert Miles and little Miss Miles have changed their residence from the corner of J and Amador streets to a snug little cottage on Coast avenue in North Park, where they will receive their friends.

Mr. and Mrs. J. Sherman Snow arrived from Syracuse, N. Y., last week on a visit to their daughter, Mrs. Frank Gray, and son, Charles Snow, who, with his wife and little twin daughters is residing in Selma. The Snow twins are quite irresistible and have a very warm place in the hearts of their fond grandparents who journeyed so far to see them. Mr. Snow will return East this week, but Mrs. Snow will remain several weeks longer, joining him later in Chicago.

Lambeth Alpha chapter of Gamma Eta Kappa held an initiation on Saturday night, taking into the fraternity Louis McWhitter and Bertram Gearhart.

The monthly meeting of the board of directors of the Y. W. C. A. was held yesterday morning in the association rooms, Miss Julia Sayre president.

Encouraging reports came from the various committees showing an increase of enthusiasm in the various sections and corresponding growth in the branches of the work. The financial committee is to be renewed, it being left in the president's hands to appoint the committee for this work. The little study section, of which Mrs. W. H. McElwaine is president, has a membership of fifty enrolled. Mrs. J. S. Eastwood of the Vesper service committee reports increasing interest in the meetings and in the attendance. The educational department, under the leadership of Mrs. D. D. Allison, grows up and has several plans of action for the coming year. The social well-being of the association is looked after by Mrs. Morgan, assisted by a number of the young women. A Halloween party is the first event to be anticipated. The church club, which will be led by Miss Blanch Tuttle, will meet a week from tonight to begin musical work.

The Mizpah circle of the First Presbyterian church will meet this afternoon at the home of Mrs. Zeiske, No. 929 T street, to sew for the holiday sale, which the circle is planning to give later.

The cheering news comes from the Burnett sanitarium that little Maynard Munger, son of Mr. and Mrs. A. L. Munger, has passed the critical stage of his illness and is practically on the road to recovery. The friends of the family have been anxiously waiting good news from the sick room and will be glad to hear that the danger point is passed.

Mrs. Terry Stephenson arrived yesterday morning from Santa Ana on a visit of a month to her parents, Mr. and Mrs. E. H. Snyder, on San Pablo avenue.

The Men's league of the First Presbyterian church have decided on Thursday night for their annual supper. It was to have been given a week or so ago but owing to the illness of the little son of A. L. Munger, who is the president of the league, it was postponed. The ladies of the Aid society have the supper in charge and are making elaborate preparations for it. The hour for the banquet is half past six in the church parlors and a cordial invitation is extended to all league members and men of the congregation.

Mr. and Mrs. Fred Dodd have been spending the past week in San Rafael, whether they were summoned last week in response to a telegram telling of the accidental death of Mrs. Dodd's nephew, a son of Mrs. McKenzie, who visited Fresno last year. The young man was killed in a railroad accident near the Needles, Mr. Dodd going down to bring the body north. Mrs. McKenzie was in the East at the time of her son's death. Mr. Dodd returned from San Francisco yesterday but Mrs. Dodd will remain a few days longer.

Little Miss Bessie Evangeline Woods, daughter of Mrs. N. Z. Blakey, of 1855 Thomas avenue, celebrated her birthday very pleasantly on Sunday afternoon with a party at the home of Mr. and Mrs. Edward Blakey, Mrs. J. B. Dymott assisted Mrs. Blakey in looking after the pleasure of the young guests, who enjoyed a merry afternoon with games and refreshments. Miss Bessie received a number of dainty, pretty gifts from her friends and relatives. Those present were: Sadie Conley, Adeline Vonhagen, Eric Nicholson, Lydia Flue, Florence Marley, Rosa Church, Hazel Church, Vera May Taylor, Mary Bergstrom, Bessie Woods, Messrs. Rose Nimis, Harold Rodman, Mr. and Mrs. J. B. Dymott.

At the home of Mr. and Mrs. S. S. Hockett, on North K street last night, a number of young people gathered for a pleasantly informal "surprise" affair on Miss Edith Short, who has been a member of the Hockett household for some months, and who is leaving on Thursday for Amsterdam.

Luther Burbank

(Originator of new forms of plant life)

Says

"Too much starch in our diet is a cause of no end of trouble."

"I believe that ill-balanced foods resulting in improper nourishment, are at the bottom of the causes leading up to tuberculosis."

We eat quantities of white bread, (starch) potatoes, (starch) pastry, (starch) wheat & oats, (starch) and wonder why we run down and have bowel troubles. It's plain enough on thinking.

From too much starchy food the lower digestive machinery wears and fails to digest it. (Starch indigestion). Then the partly digested starch lying in the moist warm place in the bowels, naturally decays, gases arise and irritation of the bowels results, showing in poor nourishment and various ails. "What can you do?" Eat Grape-Nuts and Cream instead of bread, potatoes, pastry, wheat, oats, &c., &c., because in Grape-Nuts food the starchy parts of wheat and barley have, in the process of manufacture, been transformed into a form of sugar perfectly indigestible.

Starchy food is demanded by Nature to supply energy and warmth to the body, but it should be so prepared that the human system can make use of it without overtaxing the digestive machinery.

"There's a Reason" for

Grape-Nuts

New York, where she was called by the serious illness of her step-mother. Miss Hort has the happy faculty of making friends easily, and since coming to Fresno she has been active in young people's work in the Congregational church. The gathering last night was composed of a number of her church friends who came to bid her goodbye and urge her to return to California. A delightful evening of jollity and music was enjoyed by the dozen or more friends who called.

Mrs. L. A. Murphy of No. 335 Abby street was very agreeably surprised Friday evening by about twenty of her friends, who called in a body to remain for her birthday. A very enjoyable evening was spent playing darts and other games. At 11 o'clock refreshments were served, after which the various prizes were awarded to the winners of the card games. Miss Jessie Grant received the first prize in the darts game and A. E. Stevens received the hoody prize. Miss Zoe Elliott received the first prize in the luncheon game and Mrs. H. H. Holland the hoody. After a vocal duet by Mrs. T. M. Anton and Fred J. Dow good nights were said. There were present Mr. and Mrs. H. H. Holland, Mr. and Mrs. T. M. Anton, Mr. and Mrs. A. E. Stevens, Mr. and Mrs. F. J. Dow, Misses Jessie Grant, Zoe Elliott, Dan Elliott, Mrs. Elliott, Archie Grant and Mr. and Mrs. W. H. Harris.

VALLEY PHYSICIANS TO MEET TODAY

What is expected to be the largest meeting ever held of the San Joaquin Valley Medical Society will take place today in this city, to be held to order at 9:30 o'clock this morning in the parlors of the Hughes hotel. A rousing meeting is expected. Responses to the invitations have come from all parts of the valley, and the new features in the program will result in unusual good.

Physicians are expected to arrive from as far north as Stockton and as far south as Bakersfield, some coming in last night. The program of the day includes discussions of many recent discoveries in pathology and therapeutics, of special interest to medical men.

IN THE LODGE ROOM.

Eagles.

Aerie No. 29 held a business session last night, which was well attended. Brother O'Connor, a member of the Victoria, B. C. aerie, was present as a visitor. He has recently settled in this city. Among other business transacted was the naming of several sick members upon whom the committee will call. Applications for new candidates were initiated, and the next meeting will witness a big initiation with a social session and refreshments to follow. The aerie is growing rapidly and names of candidates from the best circles of the city are coming in. Nearly every meeting night of this year will probably have regular initiations of proposals of new members.

Fraternity Brotherhood, Fresno lodge, Fraternity Brotherhood, met last night for a short business session, a social hour following the business meeting. Next Monday night there will be a social evening, and the following week a banquet will be the event of the month. Great plans are being made for this affair. The following capable committee will have charge of the arrangements: Mrs. Ed Jones, Mrs. Mattie Hoppeck, L. O. Stephens and W. Bell.

Odd Fellows.

Ernest Dade was given the first degree last night at the weekly meeting of Fresno lodge, I. O. O. F. Aside from the degree work there was little doing. Under the good of the order there were a few speeches made by various members.

Florian Institute. Florian Institute met last night in Knights of Columbus hall. The young women of the institute are planning for one of their monthly social gatherings, to be given in two weeks. It will be a dancing party, a form of entertainment in which the members have been most successful. Their parties are always well attended and the hostesses spare no pains in giving their guests the best kind of time. The committee on entertainment appointed last night the following committee: Mrs. J. L. Doyle, Mrs. Harry Fredericks, Mrs. W. J. O'Neil, Mrs. J. P. Corle, Misses Birmingham, Scheld, Coleman, Homan, McSharry, and Mrs. M. Sullivan.

HIGHTOWER FUNERAL HAS MANY MOURNERS

Orphaned Children Weep At Grave of Father Who Followed Mother to Eternity.

With simple but touching ceremonies, the remains of the late Samuel Hightower, who died recently as the result of injuries by the falling of a log in Pine Ridge, were laid to rest yesterday afternoon. The funeral services were conducted by the Rev. Donnan Wallace and were attended by a number of friends, besides the three little sons of the deceased, who lost their mother only a few days ago. Their grief was pathetic, and even the youngest, a little tot, seemed to realize the great dual bereavement. Mr. Stillwell, the half brother of the dead man, was also there, the funeral arrangements being under his direction. The Rev. Wallace delivered a feeling address in which he spoke of the uncertainties of life and the terrible loss sustained by the three little ones, to whom he spoke soothing words of comfort. There were many beautiful floral offerings.

A quartet composed of Mesdames Thomas H. Adams and Bongard, and the Mesdames Bonner Cummings and Eddy, sang sacred songs selected from the services of the deceased man. The interment was in Mountain View cemetery.

BYRON HOT SPRINGS.

The great health and pleasure resort of California not disturbed by the recent earthquake. You can get the best and regain your health. The hotel table is sumptuous. It is the only place in the world where you can get a hot mineral bath in porcelain tubs without leaving the hotel. If you can't spend a long time there, take advantage of the week end excursion to the Southern Pacific still selling these excursion tickets at \$11.00, all expenses paid, Friday to Tuesday inclusive, including R. R. fare, two days' board at the hotel, use of mineral water and baths, also hot mud baths, and stage fare to and from station to hotel.

LIKES WORK, THOUGH RICH

M. O'Laughlin, Wealthy Fresno, Works as Laborer.

Many Dollars Cannot Separate Former Section Boss From Beloved Ties and Bar.

Michael O'Laughlin, who works as a section hand in the Espee yard, although worth \$30,000.

The average man, without chick or child in the world, who finds himself well along in the fifties with a comfortable competency, generally shows a willingness to lay down the active career of life, especially when his years of toil have been unbroken in manual labor. Not so, however, with Michael O'Laughlin, a well known man of this city.

Mr. O'Laughlin today is worth enough property and cash to be considered wealthy. Yet he works day in and day out, at the humble calling of a section hand. The work is hard, but it is what he has been used to all his life, and without it, money or no money, he would be simply lost in misery. The so-called retirement of the everyday man would be to him worse than what hard labor is to the man who does not understand its exhilarating joys, and his loving down of the shovel or crowbar would have nothing of repose in it, nor would it mean to him anything but effete uselessness.

Just exactly what Mr. O'Laughlin is worth is known to nobody in this city, save, perhaps, his attorney, Henry C. Tupper. But that his wealth comes to about \$30,000 cannot be doubted when one realizes that he owns valuable property on Water and Sixteenth streets in Oakland, besides ranch land in this county. Besides this he holds mortgages on three large ranches near this place, and has money out at interest upon various other securities. This cash banking account varies from \$3500 to \$4200. Attorney Tupper says that his client has more than \$20,000 under his exclusive management, and in addition to this amount are other affairs into which he has not been admitted to confidence.

Born in Ireland, in county Clare, on the border of Limerick, 53 years ago, O'Laughlin came to this country in 1855 and at once traveled overland to the Golden West to seek his fortune. The boy of 14 years was unacquainted with the ways of the world and had seen little outside of his father's farm. But he had sufficient native intelligence and animal spirits to feel at home in his new surroundings and quickly got work on the railroad. After working at various places from Sacramento to Merced, he settled for awhile in Alameda and there, as a young man, began to save his money. Many years ago he secured work with the Southern Pacific railroad and was in a short time made a section foreman. Although a section hand today, he is known as one of the best section bosses in the San Joaquin valley, and there are few railroad men who are better known along the line. Seeing with a shrewd eye the excellent opportunities of real estate, he invested his savings in sagebrush land and saw it grow into building lots. These he afterwards sold and utilized the hard cash in investments at interest on mortgages.

Some time ago a disagreement with his chief led to his throwing up his position as section foreman which he held for twenty-five years, and he then went to work as a section hand. He expects to get reinstated soon, and intends working as long as he has his health and strength.

The only rest which Mr. O'Laughlin allows himself is Sunday, and although his gold is piling up in the bank, and his investments are increasing in value by leaps and bounds, he is content to get forth every Monday morning to work out his week's toil on his beloved track and lies on the railroad.

Beyond a few distant cousins in Lowell, Mass., he has no relations in the world, but his quaint humor and excellent good nature have won him many friends, and he finds himself a man at home everywhere without having a home of his own.

COLORED BOY FORGES ORDER FOR PISTOL

Millard Allen Obtains Revolver of A. Best From Parental School Fraudulently.

Superintendent H. A. Sessions came to a complaint before Judge Briggs yesterday charging Millard Allen, a colored boy, with forgery. A short time ago a negro lad named Alexander Best was sent to the parental school for discipline and on his arrival had a revolver which was taken from him. The Allen boy called and said that the gun was his and when he had best suit him for it. Mr. Sessions told him that he could not give it to anyone without an order from the owner. Soon after Allen returned with a paper purporting to be signed by the best boy and it was then seen that the order was a forgery. The lad will probably be sent to the reformatory as he is too young for imprisonment on conviction of the offense.

CAN HAVE POWER IF THEY WANT IT

Wishon Says Power Company Will Build Line For Drainage Work.

That the farmers in the district west of town which the government department of drainage investigations proposes to reclaim, can have power for the work is the statement of General Manager A. C. Wishon of the San Joaquin Power company. Mr. Wishon declares that his corporation has ever stood ready to aid public industries, but the case in point must be looked at from the standpoint of a business man.

"If there are enough farmers in the affected district who will agree to use the power, we will be glad to run a line to that section of the county," said Mr. Wishon last night. "I received a letter from Congressman Needham today urging upon me the extension of a line of line district and I have not the matter in the hands of President Ditch. I am sure, however, that he will reply that a line will be extended there if the amount of business promised will justify it."

OFFICERS ELECTED BY '28' OIL COMPANY

At the annual meeting of the stockholders of the Twenty-Eight Oil company yesterday, the following officers were re-elected: President, Truman G. Hart; vice-president, L. L. Cory; secretary, Jacob Clarke; directors, Sam Shannon and Frank H. Short; superintendent and financial agent, Sam Shannon. Out of the 60,000 shares, 50,000 were represented.

The annual statement to the stockholders was issued, showing, in addition to the usual reports, a full financial account of the company since its formation six years ago. Dividends to the amount of \$240,000, or \$4 a share, have been paid in that time.

Mrs. Blasingame Undergoes Operation.

Mrs. A. H. Blasingame, who has been suffering from an unusually severe case of mastoiditis, was operated on yesterday by Drs. Trowbridge, J. L. Marple and Barr at the Burnett sanitarium. Mastoiditis is a suppurative inflammation of the bone back of the ear and is due to an abscess in the ear. In spite of the severity of the case, due to delay in attending to it, the patient is resting easy as a result of the operation.

TO FORM SKATE LEAGUE

Series of Polo Games for the Winter.

Teams From Other Towns In Valley are Ready—First Game Saturday

The skating fever, to which so many victims have been confined in this locality, has broken out in a new form which will probably add greatly to the plague. Since the game of polo on skates has been introduced a number of the most proficient skaters in Fresno have been advocating the organization of a local team, and for the past week have been practicing at the game. The towns of Merced, Madera and Selma have teams and a league of these three towns and Fresno is being arranged.

The schedule of regular league games will not begin until early in next month, but a series of practice games have already been scheduled for this month. Beginning next Saturday the Madera team will play Fresno here, on Oct. 15th Fresno and Merced at Fresno; Oct. 20th, Madera and Merced at Merced; and Oct. 22nd Fresno and Madera at Fresno. Each team is to have a suit of koki trousers and a jersey in the team's own colors. The team's colors are: Fresno, black and yellow; Merced, maroon and white; and Madera, blue and gold.

There are a number of very fine skaters in Fresno and there seems to be no reason why a winning team could not be picked from this locality. Those who are at present trying for the team are Harry Boulden, Howard Fisher, Ed Barber, Arthur Dreusend, Marlin Graham, Ralph Wells, Carson Hall, Joe Nines, Thurman Jack, Oscar Thorpe and James Bradford.

The game is very exciting and when well played shows a great deal of science. It is considerably different from ping-pong and is not as dangerous as football. The implements for playing the game, with which the Fresno team is already supplied, consist of a hard rubber ball, two goals of wire netting and sticks resembling golf sticks.

The game is about the same as shinny played on ice, there being five men on each side, one goal tender, one rush and three guards. The play is started by playing the ball on the floor in the center of the rink and the teams rushing from their respective sides of the ball. The players then try to land the ball in one of the goals at each end of the rink. The goal guard stands in front of the goal and must be prepared to receive the flying ball and prevent its entrance into the goal. It requires the utmost skill in a player to be master of his stick and skates at the same time, as it requires quick turns and sprinks to keep track of the ball.

The High school will probably organize an independent team to play the other scholastic teams of this valley. They have already received a challenge from Oakland High school and are very anxious to take it up. Some of the best players in the town team are High school boys and the team could have the choice of good material for its players.

YOU CAN TRUST

A healthy stomach with all kinds of good food for it is then in proper condition to extract all the strengthening and life-sustaining qualities, but when it is weak, conditions are reversed and you become weak and run down.

HOSTETTER'S STOMACH BITTERS

DEWITT H. GRAY & CO.

LIST LIST LIST

In the matter of sales or rentals, we guarantee you the best service in this country. We have first-class representatives in both Los Angeles and Oakland.

Two of the keenest, most able real estate men in the state represent this firm in these two cities.

124 Quality We Want.

Not quantity, in the matter of salable properties. We are not aiming for the largest lists in the county, but what we have are true investment propositions—a fair price for Places Showing Big Net Returns.

Healthy, vigorous vineyards or orchards, free of shallow harp and alkali, and where The Crops Tell the Story.

We are in the market to buy or sell. Large Tracts for Subdivision.

Also—

First-class City or Residence Property.

On anything touching real estate, it is safe to confer with us.

DEWITT H. GRAY & CO., 211 Forsyth Bldg. Phone Main 572.

MUST PAY UP

First Court Decision Against Insurance Co.

Judge Carroll Cook Decides that Transatlantic Is Held By Policies.

SAN FRANCISCO, Oct. 8.—The Transatlantic Fire Insurance company loses in the first decision to be rendered in the Superior court regarding the liability of the companies which have refused a dollar for dollar settlement. The company has not a single cent in law for repudiating the claims of its policyholders, according to the decision rendered today by Judge Carroll Cook.

The Transatlantic had no earthquake clause. Its resistance to the payment of obligations rested entirely upon the general clause of exceptions in the policy, by which it is relieved from liability in case of loss caused by invasion, insurrection, riot, civil war or civil commotions or through military or usurped power or by order of any civil authority.

"There is no evidence that can bring the case within any of the exceptions contained in the policy," said Judge Cook. "Even if the earthquake caused the fire, the defendant would still be liable under the policy, but there is no evidence that would justify a finding that the fire was caused by the earthquake."

The plaintiff in the test case is Assistant City Attorney A. S. Newburgh, who recovers \$500. The company disclaimed responsibility upon the assertion that the fire was an act of Providence.

The plaintiff in the test case is Assistant City Attorney A. S. Newburgh, who recovers \$500. The company disclaimed responsibility upon the assertion that the fire was an act of Providence.

ANOTHER ATTEMPT AT A GASPIPE MURDER

San Francisco Business Man Was Assaulted By Thug While Alone In Store.

SAN FRANCISCO, Oct. 8.—Within a very short time of the closing of the day's work on Monday, a man was assaulted in a store on Market street, and a gaspipe was used as a weapon. The man, who was alone in the store, was assaulted by a thug who used a gaspipe as a weapon. The man was assaulted by a thug who used a gaspipe as a weapon. The man was assaulted by a thug who used a gaspipe as a weapon.

THREATENED COMBINE IN CEMENT BUSINESS

Geological Survey There Is Notable Concentration of Interests In the Country.

WASHINGTON, Oct. 8.—A bulletin issued by the geological survey on the "concentration of interest" in the cement business, declares that "setting aside as impracticable the questions of trusts and combinations based on monopoly of raw materials, it can be said that there is a notable concentration of interest in the cement business and that this will undoubtedly become more marked year by year. The eight largest plants in existence in 1905 were operated by seventy-eight companies and several of those nominally independent companies are closely connected by ownership."

HEALTHY PLANTS.

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which despite the most beneficent environment of soil and sunshine—and of atmosphere—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vasoline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Itchless destroys the germ, and healthy hair is the sure result.

CLEVELAND'S ELECTRIC RAILWAY STRUGGLE

Mayor Tom Johnson Is Alleged to Be Financially Interested In the Three Cent Line.

CLEVELAND, Oct. 8.—Charging that Mayor Johnson is financially interested in the success of the Forest City Railway company, otherwise known as the Cleveland Electric Railway line, and that he has secured franchises for it and has assumed a financial responsibility in behalf of the Forest City Railway company—all of which is said to be in violation of law, the Cleveland Electric Railway company filed today in the Common Pleas court a petition asking that all work on the Forest City Railway company's line be enjoined, and that interference with the line of the Cleveland Electric Railway company be prohibited by two court orders.

The petition also asks that the grants to the Municipal Traction company, as well as those to the Forest City Railway company, be declared null and void. A number of other city officials are made defendants.

NEW YORK, Oct. 8.—Mrs. George H. Jones, 60 years old, wife of a Chicago physician, is in a serious condition at St. Luke's hospital as the result of a peculiar accident in her apartment at the Waldorf Astoria hotel early today. Mrs. Jones has long been a victim of insomnia, and it has been her custom to take a hot bath immediately before retiring. Some time after midnight Mrs. Jones filled the bath in her suite and plunged in. The water was almost boiling and she was terribly scalded before her husband succeeded in removing her from the tub.

Some time after midnight Mrs. Jones filled the bath in her suite and plunged in. The water was almost boiling and she was terribly scalded before her husband succeeded in removing her from the tub.

PRISONER'S PROPERTY WAS MURDERED WIFE'S

Anton Besold, Temescal Canyon Suspect, Got Money from His Dead Wife's Sister.

LOS ANGELES, Oct. 8.—Anton Besold, now in the county jail, where he was brought a few days ago from Washington, D. C., charged with the murder of his wife in Temescal canyon, last July, was today served a writ of attachment, sworn to by Mrs. W. L. McFadden of Bellingham, Wash., foster sister of his wife.

Mrs. McFadden attached all of Besold's effects found in his trunk, amounting to \$528 in cash and an amount of jewelry, which it is alleged belonged to Mrs. Besold. Mrs. McFadden claims that Besold secured \$800 from her several months ago when, after leaving Los Angeles, he appeared at Bellingham and reported that his wife had deserted him. It is in cover this loss that the attachment was sworn out.

Besold still maintains that he knows nothing of the death of his wife, which for many weeks, following the discovery of her body, comprised the greatest murder mystery that this section has ever known.

HELSENGFORS CONFERENCE

Russian Democrats Try to Come Together.

Viborg Manifesto the Bone of Contention—More Bomb Outrages.

HELSENGFORS, Finland, Oct. 8.—The expected struggle between the conservative and radical factions of the Constitutional Democrats in session here, has now begun over the committee's compromise report on the Viborg manifesto, the opponents of the report declaring that any sidetracking of the manifesto would smother the party in the eyes of the voters.

Those who are opposed to the committee's report will propose, as a means of avoiding a rupture within the party, an amendment to the draft striking out the paragraph which advocates the application of the principle of passive resistance, particularly in regard to urging recruits not to join the colors and proposing the non-payment of taxes, which suggestions are considered to be impracticable, while retaining the paragraphs endorsing the action of the members of the outlawed parliament who signed the Viborg manifesto.

The conservatives, headed by Peter Struve, editor of the Duma; Leo V. Potajinski, Constitutional Democrat leader in the late parliament, and Dunge have abandoned their fight for a complete denunciation of the manifesto and have joined in the defense of the committee's report, which it is expected will be accepted.

Professor Paul Minkoff's proposition that parliament should not recognize any further loan concluded without its sanction will also probably be carried.

The present congress is the smallest of the four held by the Constitutional Democratic party, due to the belief of many of the delegates that the government would not permit the meeting.

SERASTOPOL, Oct. 8.—A bomb was thrown today at Major General Dumhazze, commander of troops, as he was driving to the barracks of the 1st regiment. The general, who was slightly wounded, fired on his assailant. The latter, after a struggle with some soldiers, escaped. Troops immediately surrounded the barracks and neighborhood and searched all the houses. It is believed that several persons were implicated in the attempt. The general's coachman and two orderlies who were following his carriage were severely wounded.

SMOLENSK, Russia, Oct. 8.—The peasants of Molensk, at a great meeting held yesterday, resolved to refuse paying rent to the landed proprietors and also adopted other resolutions of a most radical nature.

KAZAN, Russia, Oct. 8.—Two bombs were thrown today at Pico Governor Kobetko, but he was only slightly injured. The would-be assassin escaped.

WAIRASA, Oct. 8.—Three terrorists were hanged here today, after having been sentenced to death by a drunthead court martial.

VETERANS OF SPANISH WAR

Third Annual Encampment In Washington.

Commander-in-Chief Miller Made Encouraging Report of Progress.

WASHINGTON, Oct. 8.—Spanish-American war veterans from practically every state in the Union are in attendance upon the third annual encampment of the organization, which began its session here today. Since Saturday, noon, organizations of every veteran have been arriving on every train, and by the time the first session of the encampment was called to order by Commander-in-Chief Charles R. Miller of Ohio, all of the Eastern, Middle, Western and Southern states were represented by big delegations.

Commander-in-Chief Miller submitted to the delegations his report for the year. He reviewed his personal work as commander-in-chief and said he was assured that there was a great awakening of interest in the organization, especially in the South, where many camps are being formed. A tentative agreement has been entered into between Commander Miller and Commander Walker of the Legion of Spanish War Veterans of Massachusetts providing for a consolidation of the two organizations. It will probably be ratified at this encampment. The Massachusetts organization, has about 400 members.

Commander Miller recommended that in the South, where there are many negroes eligible to membership in the organization, separate camps and separate organizations be organized for white and negro members.

The financial condition, Commander Miller said, was good, all bills being paid and a balance of \$2400 in hand. While it was not possible for the commander to report the precise membership of the United Spanish War Veterans, he said it approximated 45,000.

Mrs. Roosevelt this afternoon received more than 150 members of the women's auxiliary of the Spanish-American War Veterans, which is holding its annual convention here.

DEATHS OF A DAY.

NEXIA, Ohio, Oct. 8.—Bishop William Henry Arnett of the African-American M. E. church died of uraemic poisoning last night at the Wilberforce university. He was a native of Pennsylvania and has been a bishop since 1888. He was a member of the legislature in 1896-7 and was chairman of the national Republican convention at St. Louis in 1896.

SAN DIEGO, Oct. 8.—Ephraim M. Orrick died last evening at the advanced age of 75 years. He was a native of Arkansas.

LYNCHBURG, Va., Oct. 8.—W. K. Ryan, son of Thomas F. Ryan, of New York, died suddenly at Oak Ridge yesterday.

STRIKEBREAKERS ARRIVE IN DES MOINES UPON ORGANIZATION OF UNION

DES MOINES, Iowa, Oct. 8.—Twenty-four hours after the organization of a new railway men's union, twenty-five professional strikebreakers recruited in Chicago arrived in Des Moines. A meeting of the officials of the new union and railway officials will be held shortly, when an ultimatum will be issued by the former. An increased wage and shorter hours are demanded by the street railway employees.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's best preparation on the market for colds. I have recommended it to my friends and all agree with me. For sale by all druggists."

NOTICE TO CONTRACTORS.

Notice is hereby given that the Board of Supervisors of Fresno county will receive bids up to 2 o'clock p. m. of the 23rd day of October, 1906, for the construction of an extension of the bridge crossing the San Joaquin river at Firebaugh in said county, according to the plans and specification, strain sheets and working details for the same this day adopted by said Board of Supervisors. Each bid must be accompanied by a certified check in the sum of \$200, payable to the chairman of said board, as a guarantee that the successful bidder will enter into a contract for the performance of said work and execute a bond to the county of Fresno in the sum of \$500, conditioned upon the faithful performance of said contract, and will also execute a bond running to laborers and material men as required by law. Each bid must be sealed, addressed to the clerk of said board, and marked "Bid for construction of Firebaugh Bridge Extension." Said plans, specifications, strain sheets and working details are now on file in the office of said board where they may at any time be seen and examined. The board reserves the right to reject any or all bids.

Dated October 8, 1906.

W. O. MILES, Clerk.

By A. D. EWING, Deputy.

MEETING NOTICE.

Annual Meeting of Stockholders of the Fresno City Water Co.

The annual meeting of stockholders of the Fresno City Water company, a corporation, will be held at the office of the company, No. 1801 Tulare street, in the City of Fresno, County of Fresno, State of California, on Tuesday, the 16th day of October, A. D. 1906, at the hour of 3:30 o'clock p. m., for the purpose of electing a board of directors for the coming year, as fixed by the by-laws of the company, and until their successors shall be elected and qualified, and for the transaction of such other business as may come before the meeting.

INDEPENDENCE LEAGUE APPEALS FOR MONEY

Any Sum. However Small, Will Be Accepted to Swell the Funds For Heart's Campaign.

NEW YORK, Oct. 8.—The Independent League today issued an appeal asking funds. It declares that any sum, however small, will be acceptable, as the league is engaging in a political fight for the benefit of the people and that the people ought to contribute. It is directed to all patriotic citizens.

Charles F. Murphy, leader of Tammany hall, today said it had been decided that no candidate shall be on the Democratic ticket who is not a Democrat. He added that he considered that the supporters of the Independent League are Democrats.

HENRY TUPPER JR. BELIEVED TO HAVE MET AWFUL DEATH

Attempted to Scale Cliff in Yosemite Valley and Nothing Has Been Heard of Him For Two Days—Major Benson and Troops Could Not Follow His Tracks—H. C. Tupper, Boy's Father, Left For Valley Yesterday.

Henry W. Tupper, son of H. C. Tupper, believed to have met his death in Yosemite valley.

Henry Tupper, son of H. C. Tupper, attempted to scale the cliff half way down Glacier Point trail in the Yosemite Sunday morning and has not since been heard of. Major Benson and a searching party returned last evening after a fruitless search. No one could

follow Tupper's tracks down the steep declivity. His friends and the searching party are convinced that he met his death. His father was apprised of the facts yesterday morning and left at noon in an automobile for the valley. A special dispatch received last night from J. B. Cook of the Sentinel hotel in the Yosemite holds out no hope of the young man's safety.

The dispatch, giving the details of the sad accident, is as follows:

YOSEMITE, Oct. 8.—Henry Tupper, who was employed by the Yosemite Electric Railroad company, was lost yesterday while on his way to Yosemite from Wawona. He and two friends, F. J. Boland and T. A. Teapy, left Wawona Saturday afternoon to walk to the valley via Glacier Point, tramping nearly all night and having but very little to eat for their midnight lunch, after which they tried to sleep, but it was too cold and they were compelled to move on to keep warm.

They arrived at Glacier Point about 7 o'clock in the morning, and, as they were unable to obtain any food there on account of the hotel being closed, they at once started down the short trail to the Sentinel hotel to get something to eat. They arrived at Halfway Point about 8 o'clock. There Tupper left the trail against the advice of his two friends, who followed him a short distance and returned to the trail, but were unable to persuade him not to try the perilous route of scaling the cliff, which is 2000 feet from the floor

of the valley. Tupper was confident that he could perform this feat, which has doubtless proved fatal to him. Boland and Teapy came on down the trail to the hotel and their first inquiry was, "Has any one arrived this morning from Glacier Point, saying a friend of theirs left them up the trail and come over the ledge."

The boys were very much worried and as soon as they procured breakfast they started back up the trail to look for their companion. They searched and called all day, but of no avail, and returned late in the evening and informed Major Benson, superintendent of the park, of the loss of their companion. Major Benson started several men out this morning to locate the missing man. The supposition is that Tupper has fallen over the ledge as Boland was able to follow his tracks to a point where it would have been impossible for him to return and to go on, as he doubtless did, would prove fatal.

The rescue party has returned, but was unable to reach the ledge where Tupper is supposed to be. Major Benson is making every effort possible and will send men with several hundred feet more of rope in the morning to continue the search.

FIRST NEWS HERE. Tupper was with Emil Newman's surveying party for the Yosemite Electric road, and the first word of his loss came yesterday to A. G. Wishon from Mr. Newman, in the following telegram:

Wawona, Oct. 8, 1906.

Tupper lost on Glacier Point trail yesterday morning. Advice very discouraging. Fear worst. Will go there. E. NEWMAN.

Later in the day this second telegram was received:

Wawona, Oct. 8, 1906.

Little hopes for safety of young Tupper. Must have fallen off cliff near Glacier Point.

WASHBURN BROS. Tupper was one of the best-known of the Fresno young men. He attended the high school and was at the University of California in 1903 and 1904. Since returning from college he worked for the R. I. & P. Association and for E. M. Griffiths & Co. About ten days ago he joined the Yosemite surveying party. He was an experienced mountaineer, but perhaps his assurance proved his undoing.

Young Tupper was a very likable boy and had many friends. In the high school he was a prominent member of Gamma Eta Kappa and in the university of Sigma Chi.

KILLED UNDER A HARVESTER

D. Wheeler Meets Death Under Wheels at His Work.

Madera Man Has Head Flattened In Accident On Ranch and Dies Instantly.

MADERA, Oct. 8. Falling from the harvester which he was driving along a ridge of the pond near the Madera ranch, D. Wheeler, known also as Frank George and Joe Wheeler, dropped beneath the wheels which passed over his head, crushing it out of recognition. Death was instantaneous. Wheeler, with a man named William Bishop, left a ranch at Sharon, the latter driving his team in the lead. As they crossed the Madera branch grade, the road at that spot was found running along an embankment. The team of Wheeler passed up the bank, the wheels of the harvester slid, tearing off one of the crossing signs of the railroad. It is thought that the fall precipitated the driver from his seat. He struck the road and rolled under the wheels while the horses went on. One of the rear wheels passed over his head, crushing his head in. A man named Farns passed along a few minutes later with his team and went to the aid of the dead man, but life was extinct, the spectacle being a ghastly one. The inquest will be held later.

State Senator J. B. Curtis, Democrat, is a candidate for reelection with W. H. Alford, the silver-tongued orator of California, are expected here on the 15th or 16th. Mr. Alford notified Craig Cunningham, chairman of the Central committee, that he would be in this place at about that time, and Senator Curtis has sent word that he would be here on or about the 18th.

The preliminary examination of Alexander Belendez, charged with felony embezzlement, is progressing. W. H. Lacey is conducting the case for the people, the defendant being without counsel. Owing to the non-appearance of some witnesses from Los Angeles, the case was continued till tomorrow.

J. W. Watkins came from San Francisco last night.

A. Stranges and Manuel Castro are here from Liverpool.

L. O. Selby and L. Aaron are registered at the Yosemite.

Al Parks, a former resident of this county, is here from San Francisco, and spent the day seeing old friends. He will leave in a short time for the bay city, where he has business interests.

Walter B. Tate and J. M. Webster, of Fresno, electrical engineers, are wiring a new switch board at Power company's sub-station here.

J. G. Roberts went to Merced today on business.

M. Hoffman of Fresno is registered at the Yosemite.

Henry George returned from San Francisco last night.

George and Robert Martin left for Fresno this afternoon.

J. W. McIntire and J. J. White are in from the Sharon estate today.

Mr. and Mrs. Return Roberts have gone to Cannon, Mexico, on a visit to relatives and expect to be gone till the 1st of November.

Judge L. T. Trough, recently appointed to fill the vacancy caused by Judge D. Lockton's removal from Raynham, is in town today on business connected with his office. Judge Trough is also a candidate for the office in the coming election and has no opposition.

Mrs. S. T. Alderson went to San Jose today to visit friends.

Mrs. R. Branner came home last evening from San Francisco.

Mrs. T. Thomas returned today from a visit to friends in Fresno.

Mr. and Mrs. C. W. Montecali and daughter went to Fresno Sunday.

W. M. Maza of Berkeley passed through here today on his way to Fresno.

Dr. J. L. and Mary R. Bittin went to San Francisco, via Fresno, Saturday night.

A. B. Boling and family, who had been spending a few days in Fresno, returned yesterday.

Mrs. Eva Hamilton of Columbus, who has been visiting her sister, Mrs. Tillie Wren, returned to her home today.

Mrs. J. W. Scholfield of Modesto, who has been visiting her sister, Mrs. Tillie to her home today.

J. W. Russell is a Madera visitor from Hanford.

CLEAN TOWN LESSONS CONTAGIOUS DISEASES

Results of Agitation for Cleanliness Brought Out At Last Night's Meeting of City Health Board.

Keeping Fresno clean was the topic of discussion at last night's regular monthly meeting of the City Board of Health. The reports of the officers of the board of health showed the recent agitation for cleaning up the town has had a material effect in decreasing the death rate and in rendering the city immune from infectious diseases. The meeting was short and attended by the full board, with the exception of Dr. W. T. Burks.

Dr. Hayden's Report. "I have been so busy keeping out of jail and out of the clutches of the police and attending to the rear light on my automobile," said City Health Officer Hayden, "that I have not had time to prepare a written report. The past month, which has witnessed the opening of the city schools, has kept me very busy with the work of vaccinating the school children. In fact, I have vaccinated so many that I ran out of vaccinating certificates and have had to turn away children for the past two days."

"I am glad to report that, as a result of a conference between the board of health and the City Trustees, the question of the sewer overflow has been settled. The sewer committee of the board of trustees found out exactly what we found out, that it was due to the turning of the ice company's water into the sewer, and since the water has been running into the streets we have a rest."

"I am glad to note that the City Trustees now have under consideration an ordinance that will require property owners to keep their alleys and vacant lots cleaned of weeds. While the vegetation that grows in these alleys and lots is not especially unsanitary, it is a menace to the city from the standpoint of fire."

"I have inspected the dairies during the past month and have to report that they are now in good condition. A person can drink the product with immunity and relish."

"There have been but three cases of contagious disease in the city during the past month, all of them typhoid fever. Two of them were Japs and were brought in from the country, where they had contracted the disease. 'I have no doubt,' said Chairman Dr. Loper, 'that the recent measures taken by the trustees to keep the town clean, have been responsible for this decrease in the number of contagious diseases.'"

Plumbing Report. The report of the plumbing inspector, Robert H. Elithorpe, recited that there were twenty-four plans and specifications submitted, all of which were approved. Number of plumbing jobs inspected, 24; sewer permits, 2; inspected, 2.

Work has been ordered placed in a sanitary condition in four places and leaky faucets and valves have been ordered repaired in a number of others. The last two weeks there has not been as many complaints of the sewers, although it is still impossible to make a

good connection on account of the water backing up before the cement in the joints can set.

After Packinghouses. Sanitary Inspector Machen reported that, as a result of a campaign for cleanliness in the packinghouse district, good conditions now prevail. The bulk of the report reads as follows:

"I must respectfully submit the following report for the month of September. During the month I have inspected the restaurants, bakeries, packinghouses, barber shops, Chinatown and the resident portion of the city."

"It required considerable effort to teach some of our citizens the necessity of strictly living up to our health regulations."

"It also required some little attention on the part of property owners and tenants to keep their places in a good sanitary condition, but with a little caution on their part and a gentle reminder from the health authorities good results have been obtained."

"A city ordinance now in the hands of the City Trustees, which provides for all vacant lots and alleys to be kept clear from weeds, will greatly improve the looks of the city when enforced."

Very few complaints from the southern part of the city have been heard the past two weeks; the expenditure of turning the ice company's water into the street has proved a great relief to the sewer."

Meat Inspector Burleigh reported the month's work in cleaning up the butcher shops and slaughter houses in the city limits. He stated that he had required all the meat coolers in town to be cleaned out and fumigated with sulphur for purposes of cleanliness. He stated also that he had been after the restaurants and that he had made a few changes in that line of business. "I have been through the Chinese restaurants," said Mr. Burleigh, "and I find that a great many of the Chinese restaurants are cleaner than restaurants on the side of the street. And again I find that the Chinese are better about keeping their places clean when it is called to their attention than the white men. It is much easier to make a Chinaman obey the law in this respect than it is to make a white man obey."

Dr. G. L. Long county health officer, was a visitor at last night's meeting of the city board and told of his experiences in requiring the owners of dead houses to bury the carcasses. It was brought out in the discussion of this topic that carcasses are dangerous on account of the danger of infection being carried from a carcass to a man by mosquitoes.

It was resolved that the employees of the Board of Health would exercise diligence in looking after the matter of the disposal of dead animals of all kinds.

INCORPORATED

\$15, \$17.50 Kuppenheimer Suits \$9.85

\$20, \$25 Kuppenheimer Suits \$13.95

Dozens of men were here yesterday in response to our offer to sell these fine suits at these reduced prices.

We are discarding the Kuppenheimer clothing — we are replacing it with better goods to sell at the same price.

We want to make a quick clearance of all the remaining Kuppenheimer suits in the store so we have placed prices on them that no man with a single economical thought can refuse to investigate.

The suits are in prevailing modes—fall weight — Notice the length of the coat we picture — Notice that broad leaf lapel—the curve of the body—the squared away shoulders—the slope of the sleeves.

There's character and style about these suits that appeal to men who wear good clothes.

Kuppenheimer suits are sold all over the United States and there isn't a dealer in the country that wouldn't be glad to buy these suits at our advertised prices—He could make big money on them.

The makers would willingly take them off our hands, but we prefer to send them out as walking advertisements of Redlick's bargains. The suits rival the best custom work; hand needle sewed all through; collar hand padded and hand sewed.

Kuppenheimer suits will give sure satisfaction and at the prices we name they are wonderful bargains.

If we didn't have better clothing to offer for less money than the regular Kuppenheimer prices this offer would not appear.

Meat Specials.

We want ducks, chickens and turkeys. We will pay the highest cash prices.

For today we offer some good specials in addition to our always lower prices.

Hamburger or Sausage Meat, lb. **10c**

Shoulder Rib Steaks, lb. **7c**

Shoulder Pot Roasts, lb. **7c**

Long Silk Gloves \$1.75

We are showing the fine to button length silk gloves at a price fully 75c under that asked elsewhere. Double tipped fingers; Mosquito style; all sizes; black or white. Come and choose.

Infants' Kimonos **42c**.

Made of excellent flannel, plain colors, pink, white or blue. Just the thing for cold weather wear.

75c Corsets **50c**.

Medium bust, good corset and extra stayed, long hips, attached hose supporters, side or front; rust proof steels; all sizes.

College Hats For Girls

High school girls will be interested in these good hats. They are all new and very pretty. Dashing little hats that bear the imprint of good style. Colors in navy, brown, garnet or red; very soft and brilliant felts. Just the hat for daily use.

Many Pretty Hats at \$6.50

Artistic shapes in the newest shades. Among them are very stylish hats in the mushroom effect trim; hats of fine velvet or felt trimmed with imported coque feathers, drappings of silk and imported ruching around the crowns; a handsome ornament completes the trimming. All the popular colors.

\$20.00 Tourist Coats \$15.00

There's an extra saving of \$5 on these coats if you come for one quickly. We secured some 24 coats from a maker of national repute, a maker who stands for the best that can be made. He gave us these special coats as a token of his good will; made us an unusually low price on them, and we are passing them on now to the first twenty women who want to save extra money.

50 inch coats in the popular tourist style; a beautiful collection of plaid effects to choose from; velvet or cloth colors; fancy saddle trappings; coats trimmed with fancy braids and buttons.

Long Kimonos \$1.50

They are made to sell for much more than we ask. One of the striking bargains of the season. A kimono of French flannellette in the pretty Persian effects, navy, garnet or black grounds; finished with folds of plain goods to match.

Nun's Veiling Waists For \$5

These are pure wool waists; the soft finished nun's veiling in the handsome pastel shades—those delicate colorings, that look so well on either fair or dark women.

Then we have them in white, cream or blue; the front of the waist a fancy yoke of two thread lace; the same finish on the sleeves; fancy collars and cuffs.

Men's Walk Over Shoes

We have a separate and complete shoe store for men; entrance through the clothing department on Mariposa street.

The Walk-Over is the king of all shoes for men, and we are the sole agents for Fresno.

We show this famous shoe in fifty different styles. There is no trouble to get a shoe to fit your foot. Find the right shape and you will always walk in comfort. Walk Over shoes are strictly hand made; all leathers for all weathers. They match the finest shoes for men made by any maker and they sell for much less money—**\$3.50 and \$4**. The same price the world over.

Grocery Specials

Sure Savings

Redlick's Surprise coffee is a prime favorite with good coffee judges. It is the best 25c coffee sold in Fresno. Absolutely pure and wholesome, fragrant and strengthening. Try a pound; your money back if it doesn't please you.
